[Docket No. 210617-0134]

RIN 0694-A156

Addition of Certain Entities to the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This final rule amends the Export Administration Regulations (EAR) by adding five entities to the Entity List. These five entities have been determined by the United States Government to be acting contrary to the foreign policy interests of the United States and will be listed on the Entity List under the destination of the People's Republic of China (China).

DATE: This rule is effective June 24, 2021.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR) identifies entities reasonably believed to be involved in, or to pose a significant risk of being or becoming involved in, activities contrary to the national security or foreign policy interests of the United States. The Export Administration Regulations (EAR) (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in country) to listed entities. The license review policy for each listed entity is identified in the "License review policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where

appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions

Additions to the Entity List

This rule implements the decision of the ERC to add five entities to the Entity List. The five entities are being added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The five entities are located in China.

The ERC reviewed and applied § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these five entities to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in, activities that are contrary to the national security or foreign policy interests of the United States, along with those acting on behalf of such persons, may be added to the Entity List. Paragraphs (b)(1) through (b)(5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

For each of the five entities described below, the ERC made the requisite determination under the standard set forth in § 744.11(b). Specifically, the ERC determined that the subject entities are engaging in or enabling activities contrary to U.S. foreign policy interests. These entities have been implicated in human rights violations and abuses in the implementation of China's campaign of repression, mass arbitrary detention, forced labor and high-technology surveillance against Uyghurs, Kazakhs, and other members of Muslim minority groups in the Xinjiang Uyghur Autonomous Region. Specifically, the ERC determined that Xinjiang GCL New Energy Material Technology, Co. Ltd.; Xinjiang Daqo New Energy, Co. Ltd.; Xinjiang East Hope Nonferrous Metals Co. Ltd.; Hoshine Silicon Industry (Shanshan) Co., Ltd.; and Xinjiang Production and Construction Corps are engaging in activities contrary to the foreign policy interests of the United States through participating in the practice of, accepting, or utilizing forced labor.

Pursuant to § 744.11(b) of the EAR, the ERC has determined that the conduct of these five entities raises sufficient concern that prior review of exports, reexports or transfers (in-country) of all items subject to the EAR involving these entities, and the possible imposition of license conditions or license denials on shipments to these entities, will enhance BIS's ability to prevent items subject to the EAR from being used in activities contrary to the foreign policy interests of the United States.

For the five entities identified above that are being added to the Entity List, BIS imposes a license requirement for all items subject to the EAR and a license review policy of case-by-case review for Export Control Classification Numbers (ECCNs) 1A004.c, 1A004.d, 1A995, 1A999.a, 1D003, 2A983, 2D983, and 2E983. A policy of case-by-case review also applies to items designated as EAR99 that are described in the Note to ECCN 1A995, specifically, items for protection against chemical or biological agents that are consumer goods, packaged for retail sale or personal use, or medical products. Additionally, in light of the current global pandemic, BIS has adopted a policy of case-by-case review for items subject to the EAR that are necessary to detect, identify and treat infectious disease. BIS has adopted a license review policy of presumption of denial for all other items subject to the EAR. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the entities being added to the Entity List in this rule. The acronym "a.k.a." or "also known as" is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters and transferors in identifying entities on the Entity List.

This final rule adds the following five entities to the Entity List:

People's Republic of China

- Hoshine Silicon Industry (Shanshan) Co., Ltd.;
- Xinjiang Daqo New Energy, Co. Ltd.;
- Xinjiang East Hope Nonferrous Metals Co. Ltd.;
- Xinjiang GCL New Energy Material Technology, Co. Ltd; and
- Xinjiang Production and Construction Corps.

Savings Clause

Shipments of items removed from eligibility for a License Exception or for export or reexport without a license

(NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country) on June 24, 2021, pursuant to actual orders for export, reexport, or transfer (in-country) to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA), 50 U.S.C. Sections 4801–4852. ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866.

Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications, and carries a burden estimate of 29.6 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

Because a notice of proposed rulemaking and an opportunity for public comment are not required for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

Coast Guard

33 CFR Part 100

[Docket Number USCG-2021-0339]

RIN 1625-AA08

Special Local Regulation; Gulf of Mexico; Sarasota, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a special local regulation on the waters of the Gulf of Mexico, in the vicinity of Lido Beach, Florida, during the Sarasota Powerboat Grand Prix. Approximately 70 boats and jet skis, traveling at speeds in excess of 100 miles per hour are expected to participate. Additionally, it is anticipated that 100 spectator vessels will be present along the race course. The special local regulation is necessary to protect the safety of race participants, participant vessels, spectators, and the general public on certain navigable waters of the Gulf of Mexico, Lido Beach, Florida during the event. The special local regulation will establish an enforcement area where all persons and vessels, except those persons and vessels participating in the high speed boat races, are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area without obtaining permission from the Captain of the Port St. Petersburg or a designated representative.

DATES: This rule will be enforced daily from 10 a.m. until 7 p.m., on June 25, 2021 through June 27, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2021-0339 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Marine Science Technician First Class Michael Shackelford, Sector St. Petersburg Prevention Department, Coast Guard; telephone (813) 228-2191, email Michael.d.shackelford@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. This temporary rule references a date change and a change to the regulated area to an annual recurring special local regulation that already exists in 33 CFR 100.703, Table 1 to 100.703, Line 5. For this year, we received the date changes and the coordinate changes from the Sarasota Powerboat Grand Prix/Powerboat P-1 USA, LLC with insufficient time to publish an NPRM and receive public comment on these changes, as the Sarasota Powerboat Grand Prix event will occur before the rulemaking process would be completed. Because of the dangers associated with high speed boat races, the regulation is necessary to provide for the safety of event participants, spectators, and vessels transiting the event area. For those reasons, it would be impracticable to publish an NPRM.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable

because immediate action is needed to respond to the potential safety hazards associated with Sarasota Grand Prix.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port St. Petersburg has determined that potential hazards associated with the race will be a danger to anyone within the regulated area. The purpose of the rule is to provide for the safety of life on navigable waters of the United States during the Sarasota Powerboat Grand Prix.

IV. Discussion of the Rule

This rule establishes a special local regulation that will encompass certain waters of the Gulf of Mexico, Lido Beach, Florida. The special local regulation will be enforced daily from 10 a.m. to 7 p.m. on June 25, 2021 through June 27, 2021. The special local regulation will establish an enforcement area where all persons and vessels, except those persons and vessels participating in the high speed boat races, are prohibited from entering, transiting through, anchoring in, or remaining within without obtaining permission from the COTP St. Petersburg or a designated representative.

Persons and vessels may request authorization to enter, transit through, anchor in, or remain within the regulated area by contacting the Captain of the Port St. Petersburg (COTP) by telephone at (727) 824-7506, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the regulated area is granted by the COTP or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the COTP or a designated representative. The Coast Guard will provide notice of the special local regulation by Local Notice to Mariners and/or Broadcast Notice to Mariners.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.
