

in this notice. Nominations should be submitted in time to arrive no later than March 21, 2011. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the CASAC Web site at <http://www.epa.gov/casac>. Public comments on this List of Candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced subcommittee or review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In the CASAC Mercury Technical Support Document Review Panel, the SAB Staff Office will consider public comments on the List of candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, for the Panel as a whole, (f) diversity of expertise and viewpoints.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as

defined by Federal regulation. The form may be viewed and downloaded from the following URL address at <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EC-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: February 22, 2011.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9271-7]

Status of Motor Vehicle Budgets in Submitted State Implementation Plan for Transportation Conformity Purposes; Maricopa County (Phoenix) PM-10 Nonattainment Area, Arizona Notice of Withdrawal of Adequacy of Motor Vehicle Emissions Budget

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of withdrawal of adequacy; correction.

SUMMARY: This document corrects a notice published in the **Federal Register** on February 9, 2011 (76 FR 7204) announcing that EPA has withdrawn its May 30, 2008 adequacy finding of the 2010 particulate matter of ten microns or less (PM-10) motor vehicle emission budget (MVEB) for the Maricopa County (Phoenix) Nonattainment Area.

FOR FURTHER INFORMATION CONTACT: Gregory Nudd, U.S. EPA Region 9, 415-947-4107, nudd.gregory@epa.gov.

SUPPLEMENTARY INFORMATION: On January 31, 2011, EPA withdrew its May 30, 2008 adequacy finding of the 2010 particulate matter of ten microns or less (PM-10) motor vehicle emission budget (MVEB) for the Maricopa County (Phoenix) Nonattainment Area, and on February 9, 2011, EPA announced the withdrawal of the MVEB in the **Federal Register** at 76 FR-7204. EPA's February 9, 2011 notice contained a number of incorrect dates. EPA is making the corrections to the February 9, 2011 notice in today's document to avoid confusion regarding the date of the letters from EPA to the Arizona

Department of Environmental Quality (ADEQ) and the Maricopa Association of Governments (MAG) withdrawing the adequacy finding and the effective date of the withdrawal of the adequacy finding, which is one and the same, January 31, 2011.

Today, EPA is making the following corrections to the February 9, 2011 notice:

1. The section **DATES** is corrected to read as follows: "EPA's withdrawal of the May 30, 2008 adequacy finding was made in letters dated January 31, 2011 from EPA Region 9 to ADEQ and MAG. This withdrawal of the May 30, 2008 adequacy finding was effective on January 31, 2011."

2. Under the section **SUPPLEMENTARY INFORMATION**, the final paragraph under subsection "I. Background" is corrected to read as follows: "EPA has withdrawn its May 30, 2008 adequacy finding without prior notice and comment because adequacy findings are not considered rulemakings subject to the procedural requirements of the Administrative Procedures Act. In addition, EPA does not believe notice through EPA's conformity Web site is necessary in advance because the withdrawn SIP is no longer pending before EPA for consideration. Consequently, further public comment would be unnecessary and not in the public interest. By sending the January 31, 2011 letters, EPA has also withdrawn all statements and comments previously made regarding its May 30, 2008 adequacy finding of the MVEBs budgets for transportation conformity purposes."

3. Under the section **SUPPLEMENTARY INFORMATION**, the paragraph under subsection "II. Notice of Withdrawal of MVEB Adequacy Determination" is corrected to read as follows: "This is an announcement of EPA's withdrawal of its May 30, 2008 adequacy finding. EPA withdrew this adequacy finding in letters dated January 31, 2011 from Deborah Jordan, Director, Air Division, EPA Region 9 to Eric C. Massey, Director, Air Quality Division, ADEQ and Dennis Smith, Executive Director, MAG. The effective date of this withdrawal is January 31, 2011 based on EPA's transportation conformity regulation at 40 CFR 93.118(f)(1)(vi). This announcement will also be made on EPA's Web site: <http://www.epa.gov/otaq/stateresources/transconf/index.htm> (once there, click on the 'Adequacy Review of SIP Submissions' button and proceed to the Region 9 page for SIP submissions that have already been found adequate or inadequate)."

Dated: February 15, 2011.

Regional Administrator, Region IX.
