

The regulations of the Commission (25 CFR part 514), as amended, provide for a system of fee assessment and payment that is self-administered by gaming operations. Pursuant to those regulations, the Commission is required to adopt and communicate assessment rates; the gaming operations are required to apply those rates to their revenues, compute the fees to be paid, report the revenues, and remit the fees to the Commission on a quarterly basis.

The regulations of the Commission and the preliminary rate being adopted today are effective for calendar year 2004. Therefore, all gaming operations within the jurisdiction of the Commission are required to self-administer the provisions of these regulations and report and pay any fees that are due to the Commission by March 31, 2004.

Gary Pechota,

Chief of Staff, National Indian Gaming Commission.

BILLING CODE 7565-01-M

NATIONAL LABOR RELATIONS BOARD

Notice of Meeting

Agency Holding the Meeting: National Labor Relations Board.

Time and Date: Immediately following an 11 a.m. case adjudicatory meeting, Wednesday, January 21, 2004.

Place: Board Conference Room, Eleventh Floor, 1099 Fourteenth St., NW., Washington, DC 20570.

Status: Closed to public observation pursuant to 5 U.S.C. 552b(c)(2) (internal personnel rules and practices); (6) (personal information where disclosures would constitute a clearly unwarranted invasion of personal privacy); 9(B) (disclosure would significantly frustrate implementation of a proposed Agency action * * *); and/or (10) deliberation on adjudicatory matters).

Matters to be Considered: Internal administrative matters.

Contact Person for More Information: Lester A. Heltzer, Executive Secretary, Washington, DC 20570. Telephone: (202) 273-1067.

Dated: Washington, DC, January 21, 2004.
By direction of the Board.

Lester A. Heltzer,

Executive Secretary, National Labor Relations Board.

BILLING CODE 7545-01-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-03916]

Notice of Finding of No Significant Impact and Availability of Environmental Assessment for Amendment of License No. 08-00408-06, Department of Justice—Federal Bureau of Investigation, Washington, DC

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of availability of environmental assessment and finding of no significant impact.

FOR FURTHER INFORMATION CONTACT:

Kathy Dolce Modes, Nuclear Materials Safety Branch 2, Division of Nuclear Materials Safety, Region I, 475 Allendale Road, King of Prussia, Pennsylvania 19406, telephone (610) 337-5251, fax (610) 337-5269; or by e-mail: kad@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) is considering the issuance of a license amendment to the Department of Justice—Federal Bureau of Investigation for Materials License No. 08-00480-06, to authorize release of its facility in Washington, DC for unrestricted use and has prepared an Environmental Assessment (EA) in support of this action in accordance with the requirements of 10 CFR part 51. Based on the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate.

II. EA Summary

The purpose of the proposed action is to allow for the release of the licensee's Washington, DC facility for unrestricted use. The Department of Justice—Federal Bureau of Investigation was authorized by NRC from March 25, 1965, to use radioactive materials for research and development purposes at the site. On September 8, 2003, the Department of Justice—Federal Bureau of Investigation requested that NRC release the facility for unrestricted use. The Department of Justice—Federal Bureau of Investigation has conducted surveys of the facility and determined that the facility meets the license termination criteria in subpart E of 10 CFR part 20.

III. Finding of No Significant Impact

The NRC staff has evaluated the Department of Justice—Federal Bureau of Investigation's request and the results of the surveys and has concluded that

the completed action complies with the criteria in subpart E of 10 CFR part 20. The staff has prepared the EA (summarized above) in support of the proposed license amendment to terminate the license and release the facility for unrestricted use. The staff has found that the environmental impacts from the proposed action are bounded by the impacts evaluated by the "Generic Environmental Impact Statement in Support of Rulemaking on Radiological Criteria for License Termination of NRC-Licensed Facilities" (NUREG-1496). On the basis of the EA, the NRC has concluded that the environmental impacts from the proposed action are expected to be insignificant and has determined not to prepare an environmental impact statement for the proposed action.

IV. Further Information

The EA and the documents related to this proposed action, including the application for the license amendment and supporting documentation, are available for inspection at NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm/adams.html> (ADAMS Accession Nos. ML032540763, ML033000506 and ML040150585). These documents are also available for inspection and copying for a fee at the Region I Office, 475 Allendale Road, King of Prussia, Pennsylvania, 19406. Persons who do not have access to ADAMS, should contact the NRC PDR Reference staff by telephone at 1-800-397-4209 or (301) 415-4737, or by e-mail to pdr@nrc.gov.

Dated in King of Prussia, Pennsylvania this 20th day of January, 2004.

For the Nuclear Regulatory Commission.

John D. Kinneman,

Chief, Nuclear Materials Safety Branch 2, Division of Nuclear Materials Safety, Region I.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-34655]

Notice of Finding of No Significant Impact and Availability of Environmental Assessment for Amendment of Materials License No. 37-30433-01, OSI Pharmaceuticals, Inc.

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of availability of environmental assessment and finding of no significant impact.

FOR FURTHER INFORMATION CONTACT:

Betsy Ullrich, Nuclear Materials Safety Branch 2, Division of Nuclear Materials Safety, Region I, 475 Allendale Road, King of Prussia, Pennsylvania 19406, telephone (610) 337-5040, fax (610) 337-5269; or by e-mail: exu@nrc.gov.

SUPPLEMENTARY INFORMATION:**I. Introduction**

The U.S. Nuclear Regulatory Commission (NRC) is considering the issuance of a license amendment to OSI Pharmaceuticals, Inc. for Materials License No. 37-30433-01, to authorize release of its facility in Horsham, Pennsylvania for unrestricted use and has prepared an Environmental Assessment (EA) in support of this action in accordance with the requirements of 10 CFR part 51. Based on the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate.

II. EA Summary

The purpose of the proposed action is to allow for the release of the licensee's Horsham, Pennsylvania facility for unrestricted use. OSI Pharmaceuticals, Inc. was authorized by NRC from March 9, 1998, to use radioactive materials for research and development purposes at the site. On July 10, 2003, OSI Pharmaceuticals, Inc. requested that NRC release the facility for unrestricted use. OSI Pharmaceuticals, Inc. has conducted surveys of the facility and determined that the facility meets the license termination criteria in subpart E of 10 CFR part 20.

III. Finding of No Significant Impact

The NRC staff has evaluated OSI Pharmaceuticals, Inc.'s request and the results of the surveys and has concluded that the completed action complies with the criteria in subpart E of 10 CFR part 20. The staff has prepared the EA (summarized above) in support of the proposed license amendment to terminate the license and release the facility for unrestricted use. The staff has found that the environmental impacts from the proposed action are bounded by the impacts evaluated by the "Generic Environmental Impact Statement in Support of Rulemaking on Radiological Criteria for License Termination of NRC-Licensed Facilities" (NUREG-1496). On the basis of the EA, the NRC has concluded that the environmental impacts from the proposed action are expected to be insignificant and has determined not to prepare an environmental impact statement for the proposed action.

IV. Further Information

The EA and the documents related to this proposed action, including the application for the license amendment and supporting documentation, are available for inspection at NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm.html> (ADAMS Accession Nos. ML031970551, ML032340661 and ML040150859). These documents are also available for inspection and copying for a fee at the Region I Office, 475 Allendale Road, King of Prussia, Pennsylvania, 19406. Persons who do not have access to ADAMS, should contact the NRC PDR Reference staff by telephone at 1-800-397-4209 or (301) 415-4737, or by e-mail to exu@nrc.gov.

Dated in King of Prussia, Pennsylvania this 15th day of January, 2004.

For the Nuclear Regulatory Commission.

John D. Kinneman,

*Chief, Nuclear Materials Safety Branch 2,
Division of Nuclear Materials Safety, Region I.*

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 70-7003]

Notice of Availability of Environmental Assessment and Finding of No Significant Impact for License Application for Usec Inc., Bethesda, MD

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of availability of Environmental Assessment and Finding of No Significant Impact for license application.

FOR FURTHER INFORMATION CONTACT:

Yawar Faraz, Project Manager, Special Projects and Inspection Branch, Division of Fuel Cycle Safety and Safeguards, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC, 20555-0001. Telephone: (301) 415-8113; fax number: (301) 415-5390; e-mail: yhf@nrc.gov.

SUPPLEMENTARY INFORMATION:**I. Introduction**

The U.S. Nuclear Regulatory Commission (NRC) is prepared to issue Material License No. 70-7003 to United States Enrichment Corporation Inc. (USEC) (the applicant), to authorize possession and use of source and special nuclear material at the American Centrifuge Lead Cascade Facility (Lead

Cascade) in Piketon, Ohio. NRC has prepared an Environmental Assessment (EA) in support of these actions in accordance with the requirements of 10 CFR part 51. Based on the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate. The license will be issued following the publication of this notice.

II. EA Summary

The purpose of the proposed action is to authorize possession and use of source and special nuclear material at the applicant's Lead Cascade facility in Piketon, Ohio. The Lead Cascade facility would have up to 240 operable centrifuges for testing in order to provide reliability information on the machines and auxiliary systems for a commercial uranium enrichment facility. The Lead Cascade facility would recycle tails and product with no product withdrawals except for sampling. The applicant proposes to install the Lead Cascade facility in leased portions of the existing Department of Energy (DOE) Gas Centrifuge Enrichment Plant (GCEP) located at the Portsmouth Gaseous Diffusion Plant site in Piketon, Ohio. In the mid-1980's, DOE had produced enriched uranium using hundreds of centrifuges in its GCEP facility.

On February 12, 2003, USEC Inc. requested that NRC approve the proposed application. USEC Inc.'s request for the proposed action was previously noticed in the **Federal Register** on April 9, 2003 (68 FR 17414), along with a notice of an opportunity to request a hearing. No requests for a hearing were submitted to the NRC.

The NRC has prepared an EA in support of the proposed license application. The NRC concludes that the proposed action complies with the applicable parts of title 10, Code of Federal Regulations (10 CFR) for adequate protection of the public health and safety, and protection of the environment. For example, NRC staff finds that public exposure to radiation from the proposed action will be less than 0.0001% of the limits in 10 CFR part 20. On the basis of the assessment, the NRC staff concludes that environmental impacts associated with the proposed action would not be significant and do not warrant the preparation of an Environmental Impact Statement (EIS). Accordingly, it has been determined that a Finding of No Significant Impact is appropriate.

III. Finding of No Significant Impact

On the basis of the EA, NRC has concluded that there are no significant environmental impacts from the
