

after 2 years. Reserve enlisted promotion eligibility rosters destroy after 1 year. Reserve officer numerical promotion lists destroy upon separation of soldier or when superseded or obsolete. Active duty for special work files maintain until funds are disbursed or when no longer needed. Reserve officer nominations and confirmation files are permanent. Equivalent training authorization approvals maintain for 5 years then destroy. Reserve officer career management files are forwarded to the appropriate personnel section if, individual transfers within the Army Reserves, enters on active duty or the National Guard, upon final separation from the Army Reserves destroy.

SYSTEM MANAGER(S) AND ADDRESS:

Commander, U.S. Army Reserve Personnel Center, 1 Reserve Way, St. Louis, MO 63132-5200.

NOTIFICATION PROCEDURE:

Individuals seeking to determine whether information about themselves is contained in this system should address written inquiries to the Commander, U.S. Army Reserve Personnel Center, 1 Reserve Way, St. Louis, MO 63132-5200.

For verification purposes, individual should provide full name, Social Security Number, current address and telephone number, and signature.

RECORD ACCESS PROCEDURES:

Individuals seeking access to information about themselves contained in this system should address written inquiries to the Commander, U.S. Army Reserve Personnel Center, 1 Reserve Way, St. Louis, MO 63132-5200.

For verification purposes, individual should provide full name, Social Security Number, current address and telephone number, and signature.

CONTESTING RECORD PROCEDURES:

The Army's rules for accessing records, and for contesting contents and appealing initial agency determinations are contained in Army Regulation 340-21; 32 CFR part 505; or may be obtained from the system manager.

RECORD SOURCE CATEGORIES:

From the Official Military Personnel File and the Military Personnel Records Jacket.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

BILLING CODE 5001-08-P

DEPARTMENT OF DEFENSE**Department of the Army; Corps of Engineers****Intent To Prepare a Draft Supplemental Final Environmental Impact Statement, Portland District, Columbia and Lower Willamette Rivers Federal Navigation Channel Improvements, Oregon and Washington**

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps), Portland District, intends to prepare a supplement to the Final Integrated Feasibility Report/Environmental Impact Statement (IFR/EIS Supplement) for the Columbia and Lower Willamette Rivers Federal Navigation Channel, Oregon and Washington. The final IFR/EIS, which was published in 1999, identified a plan of action to deepen the Columbia and Lower Willamette Federal navigation project by 3 feet, and construct ecosystem restoration features. This supplement will address new information that has been developed since the 1999 report, including information that resulted from the Endangered Species Act consultation with National Marine Fisheries Service and US Fish and Wildlife Service and for water quality certification.

The IFR/EIS is being supplemented to add new information that has been generated since the final report in 1999. It will include information from the recently transmitted biological assessment prepared by the Corps for the National Marine Fisheries Service and US Fish and Wildlife Service. Several additional ecosystem restoration features are proposed to be implemented to benefit the recovery of listed threatened and endangered fish. As a result of these actions the lower river disposal plan will be re-evaluated to shift from ocean disposal at the Deep Water disposal site to creation of ecosystem restoration features in the estuary. The construction volumes will also be updated utilizing December 2001 and January 2002 hydrographic surveys. Other items will be updated from a cost perspective due to new information collected since 1999, including a reduction in rock excavation and utility relocations. Project economics will be re-examined to evaluate the sensitivity of the fleet and commodity forecasts in the EIS. When the costs and benefits are re-examined the benefit-to-cost ratio will be reevaluated.

The alternatives under consideration are the same as those measures evaluated in the 1999 IFR/EIS. Elements of the plan of action may include dredging of sands, rock removal by mechanical means as well as blasting, disposal of material at in-water, shoreline and upland disposal sites, and ecosystem restoration features. Information updates will include the disposal plan in the lower river, and new ecosystem restoration proposals. This plan will shift disposal material from ocean disposal at the Deep Water disposal site to creation of the restoration features in the estuary.

FOR FURTHER INFORMATION CONTACT:

Please contact Mr. Robert E. Willis, Chief, Environmental Resources Branch, US Army Corps of Engineers, Portland District, CENWP-PM-E, PO Box 2946, Portland, OR 97208-2946, phone (503) 808-4760.

SUPPLEMENTARY INFORMATION: The proposed action is being considered under the authority of resolution of the House of Representatives, Committee on Public Works and Transportation, adopted August 3, 1989. The action ultimately may involve some measures similar to those selected in 1999. The Supplement will identify a plan of action which (1) evaluates the specific engineering, environmental, and economic effects of proposed alternatives for improving the authorized channel as compared to the without-project condition (no action alternative); (2) identifies a plan which maximizes National Economic Development (NED) benefits while protecting environmental resources in accordance with Federal laws and statutes; (3) recommends a plan for construction if economic, environmental, and engineering justification is met and the plan is supported by the sponsor. Alternatives being considered to the proposed action are the same as those analyzed in the 1999 report. The Supplement will consider information gained from the expert panel held during the consultation process and data collection for smelt and sturgeon conducted in conjunction with the Federal and State resource agencies. Based on preliminary consideration to date, the following have been some of the significant issues requiring analysis in the Supplement: smelt, sturgeon, Dungeness crab concerns, wetlands and mitigation required due to wetland losses. The Corps welcomes input to the Supplement from affected Federal, State and local agencies, Indian tribes, and other interested organizations and parties. The Environmental Protection

Agency, Region 10, was a cooperating agency to the IFR/EIs, and will also act as a cooperating agency in the Supplement.

The normal range of environmental review and consultation shall apply to the proposed action.

Scoping was completed in 1994. The Corps plans to conduct a series of public meetings after release of the draft Supplement. Meeting times will be announced later. The draft IFR/EIS Supplement is tentatively scheduled for release to the public and agencies for review in May 2002.

Randall J. Butler,

Colonel, EN, Commanding.

BILLING CODE 3710-AR-M

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent to Grant Exclusive Patent License; Large Scale Biology, Inc.

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Large Scale Biology, Inc., a revocable, nonassignable, exclusive license to practice worldwide the Government-owned inventions described in U.S. Patent No. 5, 599,703, entitled "In Vitro Amplification/Expansion of CD34+ Stem and Progenitor Cells" issued February 4, 1997, and its PCT serial number US94/12385 in the field of PMVEC/Hematopoietic stem cell co-culture conditioned media system.

DATE: Anyone wishing to object to the grant of this license has fifteen (15) days from the date of this notice to file written objections along with supporting evidence, if any.

ADDRESSES: Written objections are to be filed with the Office of Technology Transfer, Naval Medical Research Center, 503 Robert Grant Ave., Silver Spring, MD 20910-7500.

FOR FURTHER INFORMATION CONTACT: Dr. Charles Schlagel, Director, Office of Technology Transfer, Naval Medical Research Center, 503 Robert Grant Ave., Silver Spring, MD 20910-7500, telephone (301) 319-7428 or E-Mail at schlagelc@nmrc.navy.mil.

Dated: March 12, 2002.

T. J. Welsh,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-M

DEPARTMENT OF EDUCATION

[CFDA Nos.: 84.038, 84.033, and 84.007]

Student Financial Assistance; Federal Perkins Loan, Federal Work-Study (FWS), and Federal Supplemental Educational Opportunity Grant (FSEOG) Programs

ACTION: Notice of deadline dates for request and supporting documents for funding or waivers for the remainder of the 2001-2002 award year.

SUMMARY: The Secretary announces deadline dates for an institution of higher education to submit various requests and documents under the Campus-Based programs for the remainder of the 2001-2002 award year (January 1, 2002 through June 30, 2002). The Department believes it is more customer friendly and helpful for an institution to have one annual notice, rather than several, for an award year.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Coppage, Campus-Based Operations, Student Financial Assistance, U.S. Department of Education, 830 First Street, NE., Washington, DC 20202-5453. Telephone: (202) 377-3174.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative

format, (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: There are three programs that we refer to as the Campus-Based programs: The Perkins Loan Program encourages institutions to make low-interest, long term loans to needy undergraduate and graduate students to help pay for their cost of education.

The FSEOG Program encourages institutions to provide grants to exceptionally needy undergraduate students to help pay for their cost of education.

The FWS Program encourages the part-time employment of needy undergraduate and graduate students to help pay for their cost of education and encourages these students to participate in community service activities. An institution may use part of its FWS funds to locate and develop jobs for students under the Job Location and Development Program. An eligible institution that meets the definition of a "Work-College" may participate in the Work-Colleges Program.

The Federal Perkins Loan, FWS, and FSEOG Programs are authorized by parts E and C, and part A, subpart 3, respectively, of title IV of the Higher Education Act of 1965, as amended.

The Department will still refer to these individual deadline dates in its "Dear Partner" Letters that relate to each process we post on the Information for Financial Aid Professionals (IFAP) Web site.

DEADLINE DATES: The following table provides the deadline dates for the Campus-Based programs for the remainder of the current award year. In July 2002 we shall publish a notice for the 2002-2003 award year. Please note that an institution must meet the established deadline dates to ensure consideration for funding or a waiver, as appropriate.

AWARD YEAR 2002

What does an institution submit?	Where does the institution submit this?	What is the deadline for submission?
1. Institutional Application and Agreement for Participation in the Work-Colleges Program for the 2002-2003 award year.	Work-Colleges Program Campus-Based Operations, U.S. Department of Education, 830 First Street, NE., Washington, DC 20202-5453.	April 26, 2002
2. Request for a Waiver of the Minimum Expenditure Requirement for Community Service in the FWS Program for the 2002-2003 award year.	FWS Community Service Waiver Request Campus-Based Operations, U.S. Department of Education, 830 First Street, NE., Washington, DC 20202-5453.	June 28, 2002
