SUPPLEMENTARY INFORMATION: Operator Certification Guidelines and Operator Certification Expense Reimbursement Grants Program (OMB Control Number 2040-0236; EPA ICR Number 1955.02) expiring 2/28/02. This is an extension of a currently approved collection.

Abstract: This information collection is to determine if states are meeting the requirements of EPA's operator certification guidelines, which were published in the **Federal Register** on February 5, 1999 (64 FR 5916). Section 1419(a) of the Safe Drinking Water Act (SDWA) Amendments of 1996 requires EPA to develop operator certification guidelines for state operator certification programs and to publish final guidelines by February 6, 1999. Pursuant to section 1419(b) of the SDWA, beginning two years after the date on which EPA publishes operator certification guidelines (February 5, 2001), EPA shall withhold 20 percent of the funds a state is otherwise entitled to receive under SDWA section 1452 unless a state has adopted and is implementing a program that meets the requirements of EPA's operator certification guidelines. EPA is required under SDWA section 1419 to make an annual determination on whether to withhold 20 percent of a state's Drinking Water State Revolving Fund (DWSRF) allotment. In order to make these decisions, EPA must collect information from the states as required by EPA's guidelines. States, in turn, must collect information from water systems as required by their respective programs.

SDWA section 1419(d) requires EPA to reimburse (through grants to states) the costs of training, including an appropriate per diem for unsalaried operators, and certification for persons operating community and nontransient noncommunity public water systems serving 3,300 persons or fewer that are required to undergo training pursuant to EPA's operator certification guidelines. Prior to awarding grants to states, EPA will need to collect information from states to ensure that the state has a plan for distributing the funds to small system operators. An agency may not

conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 2/28/01 (66 FR 12776); 1 comment was received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 4 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners/operator of public water systems, State Environmental Water Quality Agencies, State Departments of Health.

Estimated Number of Respondents: 68,396.

Frequency of Response: Annually.

Estimated Total Annual Hour Burden: 302,425 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$898,000.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No. 1955.02 and OMB Control No. 2040-0236 in any correspondence.

Dated: February 26, 2002.

SUPPLEMENTARY INFORMATION:

Title: Clean Watersheds Needs Survey (OMB Control No. 2040-0050; EPA ICR No. 0318.09; expiring 2/28/2002. This is a renewal of a currently approved collection.

Abstract: The Clean Watersheds Needs Survey is required by sections 205(a) and 516(b)(1) of the Clean Water Act. It is a periodic inventory of existing and proposed publicly owned wastewater treatment works (POTWs) and other water pollution control

facilities in the United States, as well as an estimate of how many POTWs are needed to be built. The Clean Watersheds Needs Survey is a voluntary joint effort of EPA and the States. The Survey records cost and technical data associated with all POTWs and other water pollution control facilities, existing and proposed, in the United States. The States provide this information to EPA. No confidential information is used, nor is sensitive information protected from release under the Public Information Act, used. EPA achieves national consistency in the final results through the application of uniform guidelines and validation techniques. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on July 27, 2001; no comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: The respondents are the States, District of Columbia, Puerto Rico, Virgin Islands and Pacific Territories.

Estimated Number of Respondents: 56.

Frequency of Response: every 4 years.
Estimated Total Annual Hour Burden: 7,672 hours.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection

techniques to the addresses listed above. Please refer to EPA ICR No.0318.09 and OMB Control No. 2040-0050 in any correspondence.
