

errors in the translation of the Land Grant and in the monumenting of the survey, and that the eastern boundary of the Pueblo, as currently recognized by federal agencies and others in maps of the area, is erroneous.

In light of these requests, and consistent with the court's remand order, the Department has decided to reevaluate its earlier decision regarding the Sandia boundary. The Department has accumulated a substantial amount of information over the years related to its consideration of these boundary issues, but is soliciting interested parties to provide any additional historical evidence or legal arguments related to these matters. The Department notes that its reconsideration of the Sandia boundary matters will necessarily not affect the title to any land held by private landowners in the area. The Secretary's resurvey authority is expressly limited by statute so that it may not be used to impair the rights and titles of good faith purchasers of public lands who may otherwise be affected by the resurvey. *See Cragin v. Powell*, 128 U.S. 691 (1888), *see also* 43 U.S.C. 772.

(Authority: 25 U.S.C. 176; 43 U.S.C. 772.)

Dated: December 5, 2000.

John Leshy,

Solicitor.

BILLING CODE 4310-17-P

DEPARTMENT OF THE INTERIOR

Notice of Intent To Discontinue Preparation of an Environmental Assessment for the Conversion of a Portion of Strawberry Valley Project Water from Irrigation to Municipal and Industrial Use

AGENCY: Office of the Assistant Secretary—Water and Science, Department of the Interior.

ACTION: Notice of intent to discontinue preparation of an Environmental Assessment for the conversion of a portion of Strawberry Valley Project (SVP) water from irrigation to other beneficial uses including municipal and industrial (M&I) use.

SUMMARY: Recent discussions among the Department, Strawberry Water Users Association, and the South Utah Valley Municipal Water Association have resulted in a decision to terminate work on contracts to convert Strawberry Valley Project water from agricultural to municipal and industrial use. The Department has discontinued preparation of an Environmental Assessment intended to allow the conversion of SVP water from

agricultural to municipal and industrial use. The Environmental Assessment was being prepared pursuant to the National Environmental Policy Act of 1969, and in accordance with a **Federal Register** notice published February 7, 2000, (Page 5880, Volume 65, Number 25).

The SUVMWA have determined to use alternate sources for municipal and industrial water instead of SVP water. The SWUA have determined to discontinue negotiations with the Department relative to the conversion of SVP water. As a result SVP water will continue to be used only for agricultural purposes and will only be available during the irrigation season.

FOR FURTHER INFORMATION CONTACT:

Additional information on matters related to this Federal Register notice can be obtained at the address and telephone number set forth below: Mr. Reed Murray, CUP Completion Act Office, Department of the Interior, 302 East 1860 South, Provo UT 84606-6154, (801) 379-1237, rmurray@uc.usbr.gov.

Dated: December 1, 2000.

Ronald Johnston,

CUP Program Director, Department of the Interior.

BILLING CODE 4310-RK-P

DEPARTMENT OF THE INTERIOR

Geological Survey

Request for Public Comments on Extension of Existing Information Collection To Be Submitted to OMB for Review Under the Paperwork Reduction Act

A request extending the information collection described below will be submitted to the Office of Management and Budget (OMB) for approval under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)). Copies of the proposed collection may be obtained by contacting the Bureau's clearance officer at the phone number listed below. Comments on the proposal should be made within 60 days to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192.

As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments as to: 1. Whether the collection of information is necessary for the proper performance of the functions of the bureaus, including whether the information will have practical utility; 2. The accuracy of the

bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

3. The quality, utility, and clarity of the information to be collected; and

4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Title: North American Reporting Center for Amphibian Malformations. *OMB Approval No:* 1028-0056.

Summary: The collection of information referred herein applies to a World-Wide Web site that permits individuals who observed malformed amphibians or who inspect substantial numbers of normal or malformed amphibians to report those observations and related information. The Web site is termed the North American Reporting Center for Amphibian Malformations. Information will be used by scientists and federal, state, and local agencies to identify areas where malformed amphibians occur and the rates of occurrence.

Estimated Completion Time: 20 minutes.

Estimated Annual Number of Respondents: 900.

Frequency: Once.

Estimated Annual Burden Hours: 300 hours.

Affected Public: Primarily U.S. and Canadian residents.

For Further Information Contact: To obtain copies of the survey, contact the Bureau clearance officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, Virginia, 20192, telephone (703) 648-7313, or go to the Website (<http://www.npsnc.nbs.gov/narcam>).

Dated: December 5, 2000.

Dennis B. Fenn,

Chief Biologist.

BILLING CODE 4310-Y7-M

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WO-350-1430-PF-01-21 1A]

Extension of Approved Information Collection, OMB Number 1004-0009

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the

Bureau of Land Management (BLM) is announcing its intention to request extension of an existing approval to collect certain information from applicants who wish to acquire a Land Use Authorization (Form 2920-1) on public lands under the Federal Land Policy and Management Act (FLPMA) of 1976. The regulations at 43 CFR 2920 provide for non-Federal use of bureau administered land via lease or permit. Uses include agriculture, trade, or manufacturing concerns and business uses such as outdoor recreation concession. BLM will determine the validity of uses proposed by private individuals and other qualified proponents from information provided by the proponent on the Land Use Application and Permit Form.

DATES: You must submit your comments to BLM at the appropriate address below on or before February 9, 2001. BLM will not necessarily consider any comments received after the above date.

ADDRESSES: Comments may be mailed to: Regulatory Affairs Group (630), Bureau of Land Management, 1849 C Street NW, Room 401LS, Washington, DC 20240.

Comments may be sent via Internet to: WOCComment@blm.gov. Please include "ATTN: 1004-0009" and your name and return address in your Internet message.

Comments may be hand-delivered to the Bureau of Land Management, Administrative Record, Room 401, 1620 L Street, NW, Washington, DC.

Comments will be available for public review at the L Street address during regular business hours (7:45 a.m. to 4:15 p.m.), Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Alzata L. Ransom, Realty Use Group, on (202) 452-7772 (Commercial or FTS). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-8330, 24 hours a day, seven days a week, to contact Ms. Ransom.

SUPPLEMENTARY INFORMATION: 5 CFR 1320.12(a) requires BLM to provide 60-day notice in the **Federal Register** concerning a collection of information contained in regulations found in 43 CFR 2920 to solicit comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility,

and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. BLM will receive and analyze any comments sent in response to this notice and include them with its request for approval from the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* The FLPMA of 1976 (43 U.S.C. 1732, 1740), provides for issuance of land use authorization which may include leases or permits, to eligible proponents. The BLM has implemented the provisions of this requirement through the issuance of 43 CFR 2922.2-1 which provides for the submission of the "Land Use Application and Permit," or application, Form 2920-1. BLM uses the information collected on the application to identify the proposed land use and activities, describe all facilities for which authorization is sought, to identify the location, to determine a schedule for construction and to identify access requirements. Since the information collected is unique to each application, no other suitable means of information collection has been identified which could gather the information at a lesser burden. If the BLM fails to properly collect the required information, the BLM will reject the application. Based on BLM's experience administering the activities described above, we receive approximately 620 applications (577 Permits, 43 Leases) annually. It takes an average of 30 minutes for over 94 percent of the applicants to supply the needed information. For the other 6 percent of the applicants who are applying for leases, the average burden is 121 hours to supply the necessary information. The range in burden hours is due to the fact that a lease application, because of its nature, requires more time on the part of an applicant to supply the needed information. For example, a lease application to construct a multi-million dollar ski facility could involve construction drawings, site and facility plans, other Federal and State licenses and permits, and other pre-authorizing requirements involving many days to process. Conversely, a relatively routine application (permit) to use public lands for agricultural purposes could be processed in 30 minutes. The estimated total annual burden on new respondents is about 5,955 hours.

BLM will summarize all responses to this notice and include them in the

request for Office of Management and Budget approval. All comments will also become a matter of public record.

Dated: December 5, 2000.

Michael Schwartz,

BLM Information Collection Clearance Officer.
