Collection title: Reporting and

Recordkeeping Requirements

Associated with Regulation W.

Collection identifier: FR W.

OMB control number: 7100–0304.

General description of collection: The FR W information collection comprises the reporting requirements of Regulation W that are found in sections 223.15(b)(4), 223.31(d)(4), 223.41(d)(2), and 223.43(b) and the recordkeeping requirements found in sections 223.42(f)(6) and 223.42(g)(3). This information is used to demonstrate compliance with sections 23A and 23B of the Federal Reserve Act (FRA) and to request certain exemptions from the Board. Sections 23A and 23B of the FRA are designed to protect a depository institution from exposure arising from certain transactions with affiliates. Regulation W implements sections 23A and 23B by defining terms used in the statute, explaining the statute's requirements, and exempting certain transactions. The regulation includes provisions requiring the reporting of information to the Board under certain circumstances, to determine whether a depository institution is complying with sections 23A and 23B of the FRA and Regulation W and whether a proposed transaction is financially sound and consistent with the public interest.
