[Project No. 14435-000]

Wills Creek Hydro, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On July 17, 2012, Wills Creek Hydro, LLC filed an application for a

preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Wills Creek Dam Hydroelectric Project (Wills Creek Project or project) to be located at U.S. Army Corps of Engineers' (Corps) Wills Creek Dam on Wills Creek, near Coshocton, Coshocton County, Ohio. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The existing Corps facilities include: (1) The Wills Creek Lake which has a surface area of 11,450 acres at a normal lake elevation of 742 feet and a maximum storage capacity of 196,000 acre-feet; (2) a 1,950-foot-long, 87-foot-high earth fill dam; (3) a 100-foot-high, 75-foot-wide, 25-foot-long intake structure located at the west abutment; and (4) a 230-foot-long, 25-foot-wide, 25-foot-high concrete arch tunnel conduit.

The proposed project would consist of the following non-federal facilities: (1) A 30-foot-wide, 30-foot-high, 2-foot-thick concrete diversion wall with a crest elevation of 742 feet equipped with two slide gates to release flood waters; the diversion wall would be located at the end of the Corps' concrete arch tunnel; (2) a 30-foot-long, 106-inch-diameter steel penstock; (3) a 30-foot-wide, 25-foot-long, 20-foot-high powerhouse located near the west wing wall of the Corps' existing outlet channel and containing a pit/bulb propeller-type turbine/generator unit with a total capacity of 1 megawatt; (4) a 50-foot-long, 12.7-kilovolt transmission line connecting the project to an existing distribution line owned by Cincinnati Gas and Electric Company; and (5) appurtenant facilities.

The project would be located entirely on federal lands managed by the Corps. The estimated annual generation of the Wills Creek Dam Project would be 5,728 megawatt-hours.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record

communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order.
