- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Information gathered is intended to be used for general service improvement and program management purposes;

- Upon agreement between OMB and the agency all or a subset of information may be released as part of A-11, Section 280 requirements only on *performance.gov*. Summaries of customer research and user testing activities may be included in public-facing customer journey maps or summaries.

- Additional release of data must be done coordinated with OMB.

These collections will allow for ongoing, collaborative and actionable communications between the Agency, its customers and stakeholders, and OMB as it monitors agency compliance on Section 280.
