Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Survey of SAMHSA Grantees Involved with Coordination of HIV, Substance Abuse, Mental Health and Hepatitis Programs—New—SAMHSA's Office of the Administrator/Office of Policy Planning and Budget plans to request assistance in the development of criteria to evaluate best practices to coordinate HIV, substance abuse, mental health, and hepatitis programs through a survey of SAMHSA grantees involved with coordination of HIV, substance abuse, mental health, and hepatitis programs. These are grantees funded by the Centers for Substance Abuse Treatment and the Centers for Substance Abuse Prevention under programs which fund the coordination of services across one or more of the following areas: Substance abuse prevention or treatment, mental health, HIV, and hepatitis.

To date, there is a lack of consensus among federal agencies, state agencies, and local providers regarding what integration of services means, what it entails, and what constitutes a "best practice." By 2004, SAMHSA will develop grant programs to evaluate the coordination of programs and services across substance abuse, mental health, HIV, and hepatitis. The inclusion of grantee opinions regarding criteria for the evaluation of coordination, current practices to evaluate coordination, and barriers which impede grantee evaluation of service coordination will be of tremendous value to SAMHSA as the agency develops the requirements for funding and future technical assistance programs. SAMHSA grantees are currently implementing programs to coordinate services and can provide invaluable advice to SAMHSA so that the evaluation of coordination is relevant for the improvement of future programs and services.

To gather grantee feedback, SAMHSA will conduct a one-time survey of grantees. Information will be gathered using a 16 question instrument developed to gather both quantitative and qualitative information. The survey will be distributed by email containing the web link to a website that will assure grantee confidentiality and reduce respondent or administrative burden related to responding to the survey. Grantees will be able to return the survey via email, fax, or mail. Grantees will be assured in writing that their survey responses will not be linked to their grantee organization. The following table summarizes the response burden for this survey.

	Number of respondents	Responses per respondent	Burden per response (in hours)	Total burden hours
248		1	.75	105

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: May 21, 2003.

Executive Officer, SAMHSA.

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2003 Funding Opportunity

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of funding availability for SAMHSA Services Grant Program for Residential Treatment for Pregnant and Postpartum Women.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) announces the availability of FY 2003 funds for the grant program described below. A synopsis of this funding opportunity, as well as many other Federal Government funding opportunities, is also available at the Internet site: <http://www.fedgrants.gov>.

This notice is not a complete description of the program; potential applicants must obtain a copy of the Request for Applications (RFA), including Part I, Services Grant Program for Residential Treatment for Pregnant and Postpartum Women, Part II, General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, and the PHS 5161-1 (Rev. 7/00) application form before preparing and submitting an application.

Funding Opportunity Title: Services Grant Program for Residential Treatment for Pregnant and Postpartum Women—Short Title: PPW.

Funding Opportunity Number: TI 03-012.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.243.

Authority: Section: 508 of the Public Health Service Act, as amended and subject to the availability of funds.

Funding Opportunity Description: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) is accepting applications for Fiscal Year 2003 grants to expand the availability of comprehensive, high quality residential treatment services for pregnant and postpartum women (postpartum refers to the period after childbirth—up to 12 months) who suffer from alcohol and other drug use problems, and for their infants and children impacted by the perinatal and environmental effects of maternal substance use and abuse.

Eligible Applicants: Domestic public and non-profit private entities, including tribal governments/organizations, community- and faith-based organizations, may apply.

Due Date for Applications: July 23, 2003.

Estimated Funding Available/Number of Awards: It is expected that approximately \$3 million will be available for 6 to 9 awards in FY 2003. The average annual award will range from \$350,000 to \$500,000 in total costs (direct and indirect). Actual funding levels will depend on the availability of funds. Applications with proposed budgets that exceed \$500,000 will be returned without review.

Is Cost Sharing Required: Yes. Non-Federal contributions are required and may be in cash or in-kind, fairly evaluated. The matching funds must not be less than \$1 for each \$9 of Federal funds provided in years one and two, and not less than \$1 for each \$3 of Federal funds in any subsequent year. Matching funds must meet the same test of allowability as costs charged to Federal grants. Sources of matching funds are State and local governmental appropriations (non-Federal), foundations, and other private non-profit or for-profit organizations. In-kind contributions may include facilities, equipment, or services used in direct support of the project.

Period of Support: Up to 3 years, with annual continuations depending on availability of funds and progress achieved.

How to Get Full Announcement and Application Materials: Complete

application kits may be obtained from: the National Clearinghouse for Alcohol and Drug Information (NCADI) at 1-800-729-6686. The PHS 5161-1 application form and the full text of the funding announcement are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov> (Click on 'Grant Opportunities').

When requesting an application kit, the applicant must specify the funding opportunity title and number for which detailed information is desired. All information necessary to apply, including where to submit applications and application deadline instructions, are included in the application kit.
