Foreign Agricultural Service

Title: McGovern-Dole International Food for Education and Child Nutrition Program.

OMB Control Number: 0551-NEW.

Summary of Collection: The Farm Security and Rural Investment Act of 2002 requires reporting on food aid programs, including the new McGovern-Dole International Food for Education and Child Nutrition program (Food for Education). This program will provide agricultural commodities and financial and technical assistance, to carry out educational programs for food and nutrition in foreign countries. Although the number of report requirements vary in accordance with circumstances, reports will be received from the Cooperating Sponsor every six months during the active life of the agreements. Reporting will be required until all commodities have been distributed, cash outlays expended, and/or the funds generated from the sales of the donated commodities have been disbursed. Information is necessary to satisfy statutory requirements and to assure that public resources are properly used.

Need and Use of the Information: The Foreign Agricultural Service (FAS) will collect from cooperating sponsors a Plan of Operation (*i.e.*, program proposal) and budget, which will be used to determine eligibility for participation. FAS will also collect information that describes the organizational capacity to develop, implement, monitor, and report on school feeding and child nutrition programs. Without the information, it would difficult for FAS to determine the accountability and compliance of the Cooperating Sponsors.

Title: Negative Quality Control Review Schedule; Status of Sample Selection and Completion.

OMB Control Number: 0584-0034.

Summary of Collection: The legislative basis for the operation of the quality control system is provided by section 16 of the Food Stamp Act of 1977. State agencies are required to perform Quality Control (QC) reviews for the Food Stamp Program (FSP). As part of the Performance Reporting System, each State agency is required to provide a systemic means of determining the accuracy of household eligibility and measuring the extent to which households receive the food stamp allotment to which they are entitled. Section 275.21(a) requires State agencies to submit reports to enable the

Food and Nutrition Service (FNS) to monitor their compliance with Program requirements relative to the Quality Control Review System. FNS will collect information using forms FNS-245 Negative Case Action Review Schedule and FNS-248 Status of Sample Selection and Completion.

Need and Use of the Information: FNS will collect information to record data in negative case reviews. FNS will also measure program operations and determination of a State's eligibility for enhanced administrative funding and to monitor the progress of sample selection and completion. If the information were not collected, it would delay the awarding of monetary incentives in which the negative error rate played a role.

Summary of Collection: The Food and Nutrition Service (FNS) is interested in maintaining and further developing an information clearinghouse (named "USDA National Hunger Clearinghouse") for groups that assist low-income individuals and communities concerning nutrition assistance programs or other assistance. Section 26 of the National School Lunch Act, which was added to the Act by Section 123 Pub.
