

Development Act (Con Act), legislated in 1972 the Business and Industry (B&I) program. The purpose of the program is to improve, develop, or finance businesses, industries, and employment and improve the economic and environmental climate in rural communities, including pollution abatement and control. This purpose is achieved through bolstering the existing private credit structure by making direct loans, thereby providing lasting community benefits. The B&I program is administered by the Agency through Rural Development State and sub-State Offices serving the State.

7 CFR part 1980–E, in conjunction with 7 CFR part 1942–A, and other regulations, is currently used only for making B&I Direct Loans. 7 CFR part 1951–E is used for servicing B&I Direct and Community Facility loans. All reporting and recordkeeping burden estimates for making and servicing B&I Guaranteed Loans have been moved to the B&I Guaranteed Loan Program regulations, 7 CFR parts 4279–A and B and 4287–B. Consequently, only a fraction of the total reporting and recordkeeping burden for making and servicing B&I Direct Loans is reflected in this document.

Need and Use of the Information: RD will collect the minimum information needed from loan applicants and commercial lenders to make determinations regarding program eligibility, the current financial condition of a business and loan security as required by the Con Act. The majority of the information is collected only once and the agency monitors the progress of the business through the analysis of annual borrower financial statements and visits to the borrower.

Description of Respondents: Individuals or households; State, Local or Tribal Government.

Number of Respondents: 152.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 835.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 4, 2012.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the

Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of publication of this notification. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agriculture Statistics Service

Title: Childhood Injury, and Adult Occupational Injury Surveys; Minority Farm Operator, Youth and Adult Injury Survey.

OMB Control Number: 0535–0235.

Summary of Collection: The primary function of the National Agricultural Statistics Services (NASS) is to prepare and issue state and national estimates of crop and livestock production under the authority of 7 U.S.C 2204(a). In a cooperative agreement with the National Institute of Occupational Safety Health (NIOSH), a division of the Center for Disease Controls, NASS will conduct a series of farm related injury and safety surveys. In 2012 (reference year 2011) data will be collected for both a childhood injury and adult occupational injury survey. In 2014 NASS plans to

conduct the Minority Farm Operator, Youth and Adult Injury Survey. Together the surveys are designed to: (1) Provide estimates of childhood nonfatal injury incidence rates, annual injury frequencies, and descriptive injury information for children under the age of 20 living on, working on, or visiting on farming operations in the U.S.; and (2) provide estimates of the annual occupational adult nonfatal injury incidence rates, annual occupational injury frequencies and descriptive injury information for farm operators and their employees 20 years of age or older.

Need and Use of the Information:

Data from these surveys will provide a source of consistent information that NIOSH can use to target funds appropriated by Congress for the prevention of childhood agricultural injuries and adult occupational injuries. No source of data on childhood injuries or adult occupational farm injuries exists that covers all aspects of the agricultural production sector. If this information is not collected, NIOSH's ability to track and evaluate the impact of its injury prevention efforts will decrease.

Description of Respondents: Farms.

Number of Respondents: 33,334.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 9,333.

Charlene Parker,

Departmental Information Collection Clearance Officer.
