

pest risk and should not be subject to the requirements of 7 CFR part 340. APHIS has reached this determination based on its plant pest risk assessment. APHIS has determined that event H7-1 sugar beet root crop production does not pose a plant pest risk and should not be subject to the requirements of our regulations in 7 CFR part 340 if grown under the mandatory conditions established by APHIS. Further, APHIS has concluded that granting partial deregulation of the H7-1 sugar beet root crop under certain conditions and allowing the seed crop to be planted under the requirements of 7 CFR part 340 will have no significant environmental effect on the human environment.

This granting of a partial deregulation for root crop production is an interim partial deregulation for the root crop with required conditions until an EIS is completed regarding the Monsanto/KWS petition for a full deregulation of event H7-1. APHIS expects to complete the EIS by May 2012, but unforeseen conditions may affect the specific completion date of the EIS. This interim partial deregulation of event H7-1 root crop and root production activities, along with the interim permitting of event H7-1 seed crop under 7 CFR part 340, will remain in effect through December 31, 2012, to allow the harvesting and processing of the 2012 commercial root crop and seed crop unless APHIS issues a final EIS, record of decision, and a determination decision for a full deregulation of event H7-1 sugar beets before those harvests are completed in 2012.

Copies of the signed determination document, as well as copies of the petition, pest risk assessment, EA, finding of no significant impact, and response to comments are available as indicated in the **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** sections of this notice.

Federal Advisory Committee Meeting To Be Held Authorized Under the Secure Rural Schools Act and Community Self-Determination Act, Public Law 110-343

AGENCY: Forest Service, USDA

ACTION: Announcement of meeting.

SUMMARY: On February 28, 2011, the U.S. Forest Service will host a meeting of the federally designated Secure Rural Schools Resource Advisory Committee (RAC). The public is invited to attend the meeting and provide input. A Secure Rural Schools RAC provides advice and recommendations to the Forest Service on the development and implementation of special projects as authorized under the Secure Rural Schools and Community Self-Determination Act, Public Law 110-343.

DATES: The meeting will be held on February 28, 2011 from 12-4.

ADDRESSES: The meeting location is U.S. Forest Service, Osceola Ranger District, 24874 U.S. Highway 90, Olustee, Florida 32072.

FOR FURTHER INFORMATION CONTACT: Denise Rains, Public Services Staff Officer, 850-523-8568, e-mail drains@fs.fed.us.

SUPPLEMENTARY INFORMATION: Florida's RAC consists of 15 people selected to serve on the committee by Secretary of Agriculture Tom Vilsack. Members are from throughout the state and represent varied interests and areas of expertise. They will work collaboratively to improve working relationships among community members and national forest personnel.

Five Florida counties, Liberty, Wakulla, Columbia, Baker and Marion, elected to set aside a percentage of their Secure Rural Schools payment. Counties receive a payment annually for having National Forest lands within their boundaries. The RAC will ultimately review and recommend projects to be funded from this money.

Projects approved must benefit National Forests lands and can maintain infrastructure, improve the health of watersheds and ecosystems, protect communities, and strengthen local economies.
