### 40 CFR Part 300

[EPA-HQ-SFUND-2003-0010; FRL-10011-67-Region 7]

### National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Omaha Lead Superfund Site

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; partial deletion.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 7 announces the deletion of 117 residential parcels of the Omaha Lead Superfund site (Site or OLS) located in Omaha, Nebraska, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Nebraska, through the Nebraska Department of Environment and Energy, determined that all appropriate Response Actions under CERCLA were completed at the identified parcels. However, this deletion does not preclude future actions under CERCLA. This partial deletion pertains to 117 residential parcels. The remaining parcels will remain on the NPL and are not being considered for deletion as part of this action.

**DATES:** This action is effective July 21, 2020.

**ADDRESSES:** EPA has established a docket for this action under Docket ID no. EPA-HQ-SFUND-2003-0010. All documents in the docket are listed on <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available,

i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically [https://](https://www.regulations.gov)

[www.regulations.gov](https://www.regulations.gov) or in hard copy at the site information repositories. Locations, contacts, and viewing hours of the Site information repositories are:

- EPA Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219, open from 8:00 a.m. and 4:00 p.m. Monday through Friday, excluding Federal holidays and facility closures due to COVID-19. We recommend that you contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section before visiting the Region 7 office.

- W. Dale Clark Library, located at 215 S 15th Street, Omaha, NE 68102, open 10:00 a.m. to 8:00 p.m. Monday through Thursday; 10:00 a.m. to 6:00 p.m. Friday and Saturday; and 1 p.m. to 6 p.m. Sunday, excluding closures due to COVID-19.

The EPA has temporarily suspended many Regional Records Centers for public visitors to reduce the risk of transmitting COVID-19. In addition, many site information repositories are closed and information in these repositories, including the deletion docket, has not been updated with hardcopy or electronic media. For further information and updates on EPA Docket Center services, please visit us online <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID.

**FOR FURTHER INFORMATION CONTACT:** Elizabeth Hagenmaier, Remedial Project Manager, U.S. Environmental Protection Agency, Region 7, SEMD/LMSE, 11201 Renner Boulevard, Lenexa, KS 66219, telephone (913) 551-7939, email: [hagenmaier.elizabeth@epa.gov](mailto:hagenmaier.elizabeth@epa.gov).

**SUPPLEMENTARY INFORMATION:** The portion of the site to be deleted from the NPL are 117 residential parcels of the Omaha Lead Superfund site, Omaha, Nebraska. A Notice of Intent for Partial Deletion for this Site was published in the **Federal Register** on May 12, 2020 (85 FR 27979).

The closing date for comments on the Notice of Intent for Partial Deletion was June 11, 2020. No public comments were received, and EPA has determined it will proceed with the partial deletion.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion of a site from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of portions of a site from the NPL does not affect responsible party liability, in the unlikely event that future conditions warrant further actions.

#### List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: June 29, 2020.

**James Gulliford,**

*Regional Administrator, Region 7.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 300

[EPA–HQ–SFUND–1986–0005; FRL–10011–65–Region 2]

#### National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the FMC Dublin Road Superfund Site

**AGENCY:** Environmental Protection Agency.

**ACTION:** Direct final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 2 is publishing a direct final Notice of Deletion of the FMC Dublin Road Superfund Site (Site), located in the Towns of Shelby and Ridgeway, Orleans County, NY, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of New York, through the New York Department of Environmental Conservation, have determined that all appropriate response actions under CERCLA, other than operation and maintenance, monitoring, and five-year reviews, have been completed.

However, this deletion does not preclude future actions under Superfund.

**DATES:** This direct final rule is effective September 21, 2020 unless the EPA receives adverse comments by August 20, 2020. If adverse comments are received, the EPA will publish a timely withdrawal of the direct final deletion in the **Federal Register** informing the public that the deletion will not take effect.

**ADDRESSES:** Submit your comments, identified by Docket ID no. EPA–HQ–SFUND–1986–0005, by one of the following methods:

- <https://www.regulations.gov>.

Follow on-line instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be confidential business information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www2.epa.gov/dockets/commenting-epa-dockets>.

- *Email:* [rodriguez.isabel@epa.gov](mailto:rodriguez.isabel@epa.gov).

• *Phone:* Public comment by phone may be made by calling (212) 637–4271 and following the directions provided for public comment.

• Written comments submitted by mail are temporarily suspended and no hand deliveries will be accepted. We encourage the public to submit comments via <https://www.regulations.gov>.

**Instructions:** Direct your comments to Docket ID no. EPA–HQ–SFUND–1986–0005. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at <https://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise

protected through <https://www.regulations.gov> or email. The <https://www.regulations.gov> website is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <https://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment because of technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

**Docket:** All documents in the docket are listed in the <https://www.regulations.gov> index. Although listed in the index, some information is not publicly available, *e.g.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in the hard copy. Publicly available docket materials are available electronically in <https://www.regulations.gov>. The EPA is temporarily suspending its Docket Center and Regional Records Centers for public visitors to reduce the risk of transmitting COVID–19. In addition, many site information repositories are closed and information in these repositories, including the deletion docket, has not been updated with hardcopy or electronic media. For further information and updates on EPA Docket Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID.

**FOR FURTHER INFORMATION CONTACT:** Isabel R. Fredricks, Remedial Project Manager, U.S. Environmental Protection Agency, Region 2, 290 Broadway, 19th Floor, New York, NY 10007, 212 637–4248, email: [rodriguez.isabel@epa.gov](mailto:rodriguez.isabel@epa.gov).
