Polyethylene Terephthalate Film, Sheet and Strip from Taiwan: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 25, 2010.

FOR FURTHER INFORMATION CONTACT: Martha Douthit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5050.

SUPPLEMENTARY INFORMATION:

Background

On August 25, 2009, the Department of Commerce (the Department) published the initiation of the administrative review of the antidumping duty order on polyethylene terephthalate film, sheet and strip from Taiwan for the period July 1, 2008 through June 30, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 42873 (August 25, 2009). This review covers two producers and/or exporters of the subject merchandise to the United States: Nan Ya Plastics Corporation, Ltd. (Nan Ya), and Shinkong Synthetic Fibers Corporation (Shinkong).

Extension of Time Limit for the Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and section 351.213(h)(1) of the Department's regulations require the Department to issue the preliminary results of a review within 245 days after the last day of the anniversary month of the order or suspension agreement for

which the administrative review was requested, and final results of the review within 120 days after the date on which the notice of the preliminary results is published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within the aforementioned specified time limits, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend the 245-day period to 365 days and to extend the 120-day period to 180 days.

The last time that the Department conducted an administrative review of the antidumping order on polyethylene terephthalate film, sheet and strip from Taiwan was for the period of December 21, 2001 through June 30, 2003. The Department requires additional time to evaluate the questionnaire responses from Nan Ya and Shinkong in order to conduct a thorough analysis of all information on the record, including possible cost and affiliation issues. Therefore, the Department finds that it is not practicable to complete the preliminary results of this review within the original time limit and is extending the deadline for completion of the preliminary results of this administrative review by 120 days.

Additionally, on February 12, 2010, the Department issued a memorandum revising all case deadlines. As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5 through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm," dated February 12, 2010. Therefore, we are hereby extending the deadline for the preliminary results by a total of 127 days; the revised deadline for the preliminary results of this administrative review is now August 7, 2010. However, August 7, 2010 falls on a Saturday, and it is the Department's long-standing practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As*

Amended, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for the completion of these preliminary results is now no later than August 9, 2010.

This notice is issued and published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: March 18, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Steel Nails From the People's Republic of China: Extension of Time Limit for the Final Results of the First New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 25, 2010.

FOR FURTHER INFORMATION CONTACT: Tim Lord, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-7425.

Background

On January 15, 2010 the Department of Commerce ("Department") published the preliminary results of the new shipper review for Qingdao Denarius Manufacture Co., Ltd for the period January 23, 2008, through January 31, 2009. See *Certain Steel Nails from the People's Republic of China: Notice of Preliminary Results of the New Shipper Review*, 75 FR 2483 (January 15, 2010) ("Preliminary Results"). On February 16, 2010, the Department issued a memorandum that tolled the deadlines for all Import Administration cases by seven calendar days due to the recent Federal Government closure. See Memorandum for the Record from Ronald Lorentzen, DAS for Import Administration, Tolling of Administrative Deadlines as a Result of the Government Closure During the Recent Snowstorm, dated February 12, 2010. As a result, the final results are currently due on April 15, 2010.

Extension of Time Limits for the Final Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended ("Act"), and 19

CFR 351.214(i)(1) require the Department to issue the preliminary results of a new shipper review within 180 days after the date on which the new shipper review was initiated and the final results of a review within 90 days after the date on which the preliminary results were issued. The Department may, however, extend the deadline for completion of the final results of a new shipper review to 150 days if it determines that the case is extraordinarily complicated. See section 751(a)(2)(B)(iv) of the Act, and 19 CFR 351.214(i)(2).

The Department has determined that the review is extraordinarily complicated because of issues related to surrogate valuation and other calculation-related issues. In addition, based on the Department's extension of the briefing schedule and the additional information that must be analyzed, the final results of this new shipper review cannot be completed within the statutory time limit of 90 days. Accordingly, the Department is extending the time limit for the completion of the final results by 60 days until June 14, 2010, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

This notice is issued and published in accordance with section 751(a)(1) of the Act and 19 CFR 351.214(i)(2).

Dated: March 19, 2010.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit amendment.

SUMMARY: Notice is hereby given that Daniel P. Costa, Ph.D., Long Marine Laboratory, University of California at Santa Cruz, 100 Shaffer Road, Santa Cruz, California 95060, has been issued an amendment to Scientific Research Permit No. 87-1743-05.

ADDRESSES: The amendment and related documents are available for review

upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 713-0376; and

FOR FURTHER INFORMATION CONTACT:

Amy Sloan or Tammy Adams, (301) 713-2289.

SUPPLEMENTARY INFORMATION: The requested amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 87-1743-05, issued on September 29, 2009 (74 FR 56999), authorized long-term behavioral, physiological, and life history research studies on northern elephant seals (*Mirounga angustirostris*) through September 30, 2010. This amendment (Permit No. 87-1743-06) authorizes the permit holder to increase the number of weaned pups weighed, measured, and tagged in order to study the effects of a current El Niño event. This amendment has been issued prior to close of the public comment period for the application (75 FR 13257), pursuant to 50 CFR 216.33(e)(6). NMFS has determined that the unique climate conditions related to an El Niño event represent a unique research opportunity to study climactic effects on northern elephant seals.

Dated: March 19, 2010.

Amy Hapeman or Carrie Hubbard, (301) 713-2289.

SUPPLEMENTARY INFORMATION: On November 18, 2009, notice was published in the **Federal Register** (74 FR 59524) that a request for a commercial/educational photography permit to take bottlenose dolphins (*Tursiops truncatus*) had been submitted by the above-named individual. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

Mr. Pilley is authorized to film bottlenose dolphin strand feeding events in the estuaries and creeks of Bull Creek and around Hilton Head, SC. Filmmakers may use four filming platforms: a static remotely operated camera placed on the mudflats, a radio-controlled camera helicopter, a radio-controlled camera glider, and a radio-controlled camera boat. Up to 112 dolphins annually may be approached and filmed. Footage will be used to create a 6-part television series, "Earthflight," for the British Broadcasting Corporation and Discovery Channel. The premise of the series is to follow migratory bird species around the world, with a bird's-eye perspective. The permit will expire December 31, 2011.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.
