At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. Extension:

Rule 19d-3

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 19d-3 (17 CFR 240.19d-3) under the Securities Exchange Act of 1934 (17 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this

existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 19d-3 prescribes the form and content of applications to the Commission by persons seeking Commission review of final disciplinary actions against them taken by self-regulatory organizations ("SROs") for which the Commission is the appropriate regulatory agency. The Commission uses the information provided in the application filed pursuant to Rule 19d-3 to review final actions taken by SROs including: (1) Final disciplinary sanctions; (2) denial or conditioning of membership, participation or association; and (3) prohibitions or limitations of access to services offered by a SRO or member thereof.

The staff estimates that 32 respondents will file one application pursuant to Rule 19b-3 each year. The staff estimates that the average number of hours necessary to comply with the requirements of Rule 19d-3 is approximately eighteen hours. We estimate that approximately 16 firms or natural persons would draft the applications themselves, and therefore incur an hour burden of 18 hours each (a total hour burden of 288 hours), and that 16 would hire outside counsel, and therefore incur a cost burden of \$8,496 each (a total cost burden of \$135,936).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by June 13, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extend the Current Pilot Program Related to Rule 7.10E

April 7, 2022.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on April 5, 2022, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the current pilot program related to Rule 7.10E (Clearly Erroneous Executions) to the close of business on July 20, 2022. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Rule 7.10E (Clearly Erroneous Executions) to the close of business on July 20, 2022. The pilot program is currently due to expire on April 20, 2022.

On September 10, 2010, the Commission approved, on a pilot basis, changes to Rule 7.10E that, among other things: (i) Provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁴ In 2013, the Exchange adopted a provision designed to address the operation of the Plan.⁵ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) A series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁶

These changes were originally scheduled to operate for a pilot period to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility (the “Limit Up-Limit Down Plan” or “LULD Plan”),⁷ including any extensions to the pilot period for the

LULD Plan.⁸ In April 2019, the Commission approved an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.⁹ In light of that change, the Exchange amended Rule 7.10E to untie the pilot’s effectiveness from that of the LULD Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019.¹⁰ The Exchange later amended Rule 7.10E to extend the pilot’s effectiveness to the close of business on April 20, 2020,¹¹ October 20, 2020,¹² April 20, 2021,¹³ October 20, 2021,¹⁴ and April 20, 2022.¹⁵

The Exchange now proposes to amend Rule 7.10E to extend the pilot’s effectiveness for a further three months until the close of business on July 20, 2022. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (c), (e)(2), (f), and (g) shall be in effect, and the provisions of paragraphs (i) through (k) shall be null and void.¹⁶ In such an event, the remaining sections of Rule 7.10E would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to Rule 7.10E.

The Exchange does not propose any additional changes to Rule 7.10E. Extending the effectiveness of Rule 7.10E for an additional three months will provide the Exchange and other self-regulatory organizations additional time to consider whether further
