11. The holder of a term permit may advertise products and services inside buildings or other interior spaces owned by the holder, including chair lift restraining bars facing the rider. The Forest Service shield and any other symbol identified with the agency shall not appear in conjunction with product or service names and advertisements and care shall be taken to avoid any other appearance of agency endorsement of products or services. The holder may also post exterior signage that merely identifies the types of products and services provided within those buildings. Except as provided in paragraph 12(c) for short-term special events, advertising outside those buildings or interior spaces, or along roads on National Forest System (NFS) lands, is prohibited. Any exterior signage must have prior written approval from the authorized officer.

12. Encourage cooperative relationships and sponsorships that promote public participation in the management of NFS lands, including programs or projects that propose public services, evaluate solutions to specific natural resource management problems, or promote conservation awareness or public health and safety. These programs or projects must have prior written approval from the authorized officer and must include a plan that describes the program or project; its duration, objective, outcome, and target audience; and communication or marketing strategies for the program or project. Cooperators and sponsors of these programs or projects may be

recognized in accordance with the following:

a. *Duration and Location of Recognition.* Cooperator or sponsor recognition shall be allowed only during and within the proximity of the program or project and, to the extent practical, shall be integrated into the program or project so that participants and spectators can make a clear connection between the cooperator and sponsor and the public service being performed. Recognition of cooperators or sponsors on government vehicles is prohibited.

b. *Content of the Recognition.* Cooperator or sponsor recognition in signs, printed and electronic media, wayside and kiosk exhibits, and temporary facilities shall be limited to acknowledgement of the cooperator's or sponsor's public service initiative and may include the cooperator's or sponsor's name and trademark. The purpose of the recognition is to identify the sponsor, not to promote the sponsor's products or services.

c. *Special Events.* Recognize cooperative support for or sponsorship of short-term special events, such as races, competitions, festivals, clean-up days, and volunteer events. During short-term special events sponsored by the holder (rather than by the Forest Service, with support from a cooperator), the authorized officer may temporarily waive the prohibition on exterior advertisement. Recognition of sponsors during the events may appear on banners, posters, flyers, and temporary facilities and may include sponsor names, sponsor trademarks, sponsor product names and services, and sponsor advertisements. The Forest Service shield and any other agency symbol shall not appear in conjunction with sponsor product names, services, and advertisements on banners, posters, flyers, and temporary facilities. In addition, care shall be taken to avoid any other appearance of agency endorsement of sponsor product names and services in connection with the events. Recognition of cooperators or sponsors on government vehicles is prohibited.

13. Clearly define the holders' responsibilities for the safety of their employees and the public within the boundaries of the authorization and while participating in activities covered by the authorization. Require that safety be addressed in applications responding to prospectus offerings, special use authorizations, and operating plans.

14. Ensure that literature, brochures, and other advertising of facilities and services under special use permit that holders display or distribute do not contain misleading statements or

statements that discriminate on the basis of race, color, sex (in educational and training programs), national origin, age, or disability. Also ensure that these materials state that the permitted facilities and services are located on NFS lands.
