[Project No. 3273-024]

Chittenden Falls Hydropower, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a subsequent license for the Chittenden Falls Hydroelectric Project No. 3273 (Chittenden Falls Project), located on Kinderhook Creek near the Town of Stockport, Columbia County, New York, and has prepared an

Environmental Assessment (EA) for the project.

The EA contains staff's analysis of the potential environmental impacts of the Chittenden Falls Project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.
