

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that Camin Cargo Control, Inc. (Channelview, TX), has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of April 24, 2024.

DATES: Camin Cargo Control, Inc. (Channelview, TX), was approved and accredited as a commercial gauger and laboratory as of April 24, 2024. The next inspection date will be scheduled for April 2027.

FOR FURTHER INFORMATION CONTACT: Mr. Robert P. Munivez, Laboratories and Scientific Services, U.S. Customs and Border Protection, 4150 Interwood

South Parkway, Houston, TX 77032, tel. 281-560-2937.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that Camin Cargo Control, Inc., 16025-D Jacintoport Blvd., Channelview, TX 77015, has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13.

Camin Cargo Control, Inc. (Channelview, TX) is approved for the following gauging procedures for petroleum and certain petroleum products set forth by the American Petroleum Institute (API):

API chapters	Title
3	Tank Gauging.
7	Temperature Determination.
8	Sampling.
12	Calculation of Petroleum Quantities.
17	Marine Measurement.

Camin Cargo Control, Inc. (Channelview, TX) is accredited for the following laboratory analysis procedures and methods for petroleum and certain petroleum products set forth by the U.S. Customs and Border Protection Laboratory Methods (CBPL) and American Society for Testing and Materials (ASTM):

CBPL No.	ASTM	Title
27-01	D287	Standard Test Method for API Gravity of Crude Petroleum and Petroleum Products (Hydrometer Method).
27-11	D445	Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity).
27-13	D4294	Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy-Dispersive X-ray Fluorescence Spectrometry.
27-46	D5002	Standard Test Method for Density, Relative Density, and API Gravity of Crude Oils by Digital Density Analyzer.
27-48	D4052	Standard Test Method for Density, Relative Density, and API Gravity of Liquids by Digital Density Meter.
27-50	D93	Standard Test Methods for Flash-Point by Pensky-Martens Closed Cup Tester.
27-54	D1796	Standard Test Method for Water and Sediment in Fuel Oils by the Centrifuge Method (Laboratory Procedure).
N/A	D1160	Standard Test Method for Distillation of Petroleum Products at Reduced Pressure.
N/A	D4007	Standard Test Method for Water and Sediment in Crude Oil by the Centrifuge Method (Laboratory Procedure).

Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344-1060. The inquiry may also be sent to CBPGaugersLabs@cbp.dhs.gov. Please reference the website listed below for a complete listing of CBP approved gaugers and accredited laboratories. <https://www.cbp.gov/about/labs-scientific/commercial-gaugers-and-laboratories>.

Lina M. Acosta,

Acting Laboratory Director, Houston, Laboratories and Scientific Services.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[PO #4820000251; Order #02412-014-004-047181.0]

Rescission and Termination of the Environmental Impact Statement Analyzing the Potential Environmental Effects From Maintaining Secretary Jewell's Coal Leasing Moratorium

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of rescission and termination.

SUMMARY: The Bureau of Land Management (BLM), Headquarters Solid Minerals is announcing the rescission of the Notice of Intent to prepare an environmental impact statement (EIS) and termination of the EIS analyzing the potential environmental effects from maintaining Secretary Jewell's coal leasing moratorium.

DATES: This rescission and termination takes effect immediately.

FOR FURTHER INFORMATION CONTACT:

Indra Dahal, Solid Minerals Deputy Division Chief, at 571-458-6637, or by email to idahal@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: Pursuant to the National Environmental Policy Act of 1969 (NEPA), the BLM published on May 1, 2023, its Notice of Intent (NOI) to prepare an EIS to analyze the potential environmental effects from maintaining Secretary Jewell's coal leasing moratorium (88 FR 26588). The EIS would have analyzed the potential effects from maintaining or revoking former Secretary of the Interior Sally Jewell's coal leasing moratorium.

Background Information: In January 2016, then-Secretary of the Interior Sally Jewell issued Secretary's Order 3338 (Jewell Order) commencing preparation of a new programmatic EIS and establishing a moratorium on Federal coal leasing, with some exemptions.

On March 29, 2017, then-Secretary of the Interior Ryan Zinke implemented Executive Order (E.O.) 13783, "Promoting Energy Independence and Economic Security," by issuing Secretary's Order 3348 (Zinke Order), which rescinded the Jewell Order and ended the moratorium on coal leasing. Immediately thereafter, Citizens for Clean Energy, Ecocheyenne, Montana Environmental Information Center, Center for Biological Diversity, Defenders of Wildlife, Sierra Club, WildEarth Guardians, and the Northern Cheyenne Tribe filed a lawsuit in the U.S. District Court for the District of Montana asserting that the issuance of the Zinke Order required an environmental analysis in compliance with NEPA. Additionally, the States of California, New York, New Mexico, and Washington also filed suit and the Court consolidated the cases. The National Mining Association and the States of Wyoming and Montana intervened.

On April 19, 2019, the Court held that the Zinke Order was a final agency action that triggered the need to comply with NEPA, requiring the Department to conduct an appropriate environmental review of that action. To comply with the Court's Order, the BLM released an environmental assessment (EA) for public comment on May 22, 2019, and published the final EA and a Finding of No Significant Impact (FONSI) on its website on February 26, 2020. Shortly thereafter, the Plaintiffs amended their complaints to challenge the scope and content of the EA.

On January 20, 2021, President Biden issued E.O. 13990, entitled, "Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis," revoking
