Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes one new information collection, one extension of an OMB-approved information collection, and several revisions to existing information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its

quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB), Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, Email address:

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. 1. *Automated Scheduling Application (ASA)*—20 CFR 404.929, 404.936, 404.950, 416.1429, 416.1436, and 416.1450-416.1451—0960—NEW. SSA is creating an online-based scheduling tool, the Automated Scheduling Application (ASA), to document the availability and special needs of participants for hearings before administrative law judges (ALJ). The respondents are disability applicants or recipients, ALJ staff, SSA Hearing Office employees, appointed representatives, medical experts, vocational experts, and verbatim hearing recorders who need to schedule or request special needs related to an ALJ hearing. All respondents will use the ASA system (via SSA's Intranet for SSA employees, and a public-facing Internet site for members of the public) to document their hearings availability and needs, and to view scheduled hearings in an electronic calendar. SSA staff will provide technical support to external users via our 800 number.

Type of Request: This is a new information collection request.

Respondent type	Number of respondents	Frequency of response	Number of responses	Average burden per response (minutes)	Estimated total annual burden (hours)

uses form SSA-795. The agency documents whatever information the claimant or other member of the public provides, and considers it when processing benefits claims or when making decisions on ongoing issues relating to the above programs. The respondents are applicants or recipients

of SSI or Social Security benefits, or others who are in a position to provide relevant information on an existing claim or case.

subsidy. Form SSA-4640 provides the applicant authorization SSA needs to contact financial institutions about applicants' accounts. Financial

Regulations governing the Federal Government Participation in the Automated Clearing House (1) allow SSA to send Social Security payments to Canada and (2) mandate the reclamation of funds paid erroneously to a Canadian bank or financial institution after the death of a Social

Security beneficiary. SSA uses Form SSA-1713, Notice of Reclamation Action, to collect information to determine if, how, and when the Canadian bank or financial institution is going to return erroneous payments after the death of a Social Security beneficiary who elected to have payments sent to Canada. for or receiving SSI benefits to report to SSA that (1) they are fleeing to avoid prosecution for a crime; (2) they are fleeing to avoid custody or confinement after conviction of a crime; or (3) they are violating a condition of probation or parole.
