## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980

On January 13, 2015, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of New Jersey in the lawsuits entitled *United States v. Pechiney Plastic Packaging, Inc.*, Civil Action No. 09-cv-05692 (PGS-TJB) and *United States v. Bristol-Myers Squibb Co., et al.*, Civil Action No. 13-cv-05798 (PGS-TJB).

The proposed consent decree is between Plaintiff United States of America and the following Settling Defendants: Pechiney Plastic Packaging, Inc. ("PPPI"), Bristol-Myers Squibb Company, Myset Investment Company, Citigroup Inc., MRC Holdings, Inc., Rexam Beverage Can Company, Albéa Americas, Inc., and certain real property currently owned and operated by Albéa (referred to here as "Washington Facility"). Rio Tinto AUM is also a signatory to the consent decree and bound by certain paragraphs set forth in the agreement.

This consent decree would resolve the United States' claims under CERCLA against the Settling Defendants arising from the Pohatcong Valley Groundwater Contamination Superfund Site located in Warren County, New Jersey ("Site"). The Site consists of an area of two plumes of groundwater contamination (one that is contaminated primarily with trichloroethylene ("TCE plume") and another that is contaminated primarily with tetrachloroethylene ("PCE plume"), that join into a combined plume) which EPA has divided into three Operable Units ("OUs"). OU1 addresses groundwater contamination in two areas within Washington Borough and neighboring townships. OU2 addresses groundwater contamination down-gradient from OU1. OU3 consists of contaminated soil source areas in the OU1 area.

The proposed consent decree provides that PPPI will perform the

portion of the OU1 Remedial Design and Remedial Action that addresses the TCE Plume (as set forth in the OU1 Unilateral Administrative Order), the OU2 Remedial Action, a vapor intrusion Removal Action at the Washington Facility, and the OU3 Remedial Design and Remedial Action for the portion of OU3 that lies within the geographic boundaries of the Washington Facility. The United States and Settling Defendants have reserved their rights as to legal responsibility for the remediation of the portion of OU3 outside the boundaries of the Washington Facility. PPCI will also perform a Supplemental Environmental Project involving the preservation and restoration of approximately 60 acres of land in Warren County. The dollar value of the settlement is estimated at \$95 million with \$32.5 million in recovery of past and interim costs, \$61.4 million in future costs, \$281,899 in civil penalties and the Supplemental Environmental Project valued at \$1.149 million.

The Consent Decree includes covenants not to sue by the United States under Sections 106 and 107 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9601 *et seq.* (“CERCLA”), and under Section 7003 of the Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. 6973.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Pechiney Plastic Packaging, Inc.* and *United States v. Bristol-Myers Squibb Co., et al.* D.J. Ref. Nos. 90–11–3–09051 & 90–11–3–09051/1. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA. Comments may be submitted either by email or by mail:

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (42 U.S.C. 7384 *et seq.*), was originally enacted on October 30, 2000, and the primary responsibility for administering EEOICPA was assigned to the Department of Labor (DOL) by Executive Order 13179 (65 FR 77487). In section 2(c)(vii) of that Executive Order, DOE was directed to publish a list in the **Federal Register** of Atomic Weapons Employer (AWE) facilities, DOE facilities, and facilities owned and operated by a Beryllium Vendor (as those terms are defined in sections 7384l(5), 7384l(12) and 7384l(6) of EEOICPA, respectively). Pursuant to this direction, DOE published a list of these three types of facilities covered under EEOICPA on January 17, 2001 (66 FR 4003), and subsequently revised and republished the entire list on June 11, 2001 (66 FR 31218), December 27, 2002 (67 FR 79068), July 21, 2003 (68 FR 43095) and August 23, 2004 (69 FR 51825). In subsequent notices published on November 30, 2005 (70 FR 71815), June 28, 2007 (72 FR 35448), April 9, 2009 (74 FR 16191), August 3, 2010 (75 FR 45608), May 26, 2011 (76 FR 30695), February 6, 2012 (77 FR 5781) and February 11, 2013 (78 FR 9678), DOE further revised the August 23, 2004 list by formally removing a total of 16 AWE facilities without republishing the list in its entirety.

Following the amendments to EEOICPA that were enacted as subtitle E of Title XXXI of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005, Public Law 108–375, 118 Stat. 1811, 2178 (October 28, 2004), OWCP promulgated final regulations governing its expanded responsibilities under EEOICPA on December 29, 2006 (71 FR 78520). One of those regulations, 20 CFR 30.5(x)(2), indicates that OWCP has adopted the list of DOE facilities that was published by DOE on August 23, 2004, and notes that OWCP “will periodically update this list as it deems appropriate in its sole discretion by publishing a revised list of covered [DOE] facilities in the **Federal Register.**” In making these updates, § 30.5(x)(1) specifies that the Director of OWCP is solely responsible for determining if a particular work site under consideration meets the statutory definition of a
