

through the end of the period prescribed in individual certifications. After the end of that transition period, entities seeking certification to NFPA 1600 must use the 2010 version.

Subsequent versions of the two remaining standards and other standards DHS may adopt will operate on cycles that may not be uniform. DHS will review subsequent versions of already adopted standards for conformity to the target criteria and suitability for the program.

C. Discussion of Comments Received in Response to the Oct. 2009 Notice of Intent

DHS received a total of 122 comments in response to the October 2009 **Federal Register** Notice. Of that number, 100 comments were made in regard to the intention of DHS to adopt the three identified standards. The remaining comments concerned some other aspect of the PS-Prep Program and will be dealt with in future communications on relevant aspects of the PS-Prep Program.

The vast majority of comments related to three the standards supported DHS adoption of one or more of the standards. The largest number of comments stating any opposition to the adoption of any of the three identified standards related to BS 25999. Those comments were based on the fact that the British Standards Institution, under the auspices of which the standard was developed, was not a United States entity. That is a fact; however, DHS believes that the standard is comprehensive, meets the PS-Prep Target criteria, and satisfies the needs of the PS-Prep Program. Research by DHS indicates that several United States corporations have implemented or are implementing BS 25999. DHS further believes that the national identity of the standard setting organization is not inherently relevant to the viability of any candidate PS-Prep standard and, as indicated, has adopted BS 25999.

IV. Next Steps

A. Initiation of the PS-Prep Certification Process

Once the standards are announced, the American National Standards Institute (ANSI)—American Society for Quality (ASQ) National Accreditation Board (ANAB), the PS-Prep accrediting body, will finalize its process for accrediting third party certifying entities for the PS-Prep Program. Upon that finalization, DHS expects that preparation and accreditation of certifying entities will take an additional two to four months. DHS will

announce the initiation of the availability of the PS-Prep Program certification process on the PS-Prep Program Web site.

B. Critical Infrastructure and Key Resources (CIKR) Sector-Specific Issues

DHS has made clear that it does not intend that the PS-Prep Program will create a need for a duplication of requirements for entities that wish to participate. DHS will attempt to identify regulations, guidelines, or sector codes of practice that meet portions of adopted standards and that could form the basis for compliance with PS-Prep adopted standards. To this end, the DHS Office of Infrastructure Protection (IP) will collaborate with the CIKR sectors and their respective Sector Coordinating Councils to identify such existing sector activities. IP will work with the individual CIKR sectors to develop a framework containing the identified sector-specific considerations and activities that may be used in the PS-Prep certification processes.

V. Small Business Consideration

In 6 U.S.C. 321m(b)(2)(D), DHS is required to “establish separate classifications and methods of certification for small business concerns.” The definition of “small business concerns” is that of the Small Business Act at 15 U.S.C. 632. Both previous PS-Prep **Federal Register** Notices have contained extensive discussions of the DHS approach to best reflect the interests of small businesses, minimize any burden associated with certification for the PS-Prep Program, and achieve the purposes of the PS-Prep Program. DHS continues to seek comments from the public and, particularly, small businesses on specific tools and means for certification of small business under the PS-Prep Program.

BILLING CODE 9111-46-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[L61400000.ER0000/LLOR936000]

Renewal of Approved Information Collection, OMB Control Number 1004-0168

AGENCY: Bureau of Land Management, Interior.

ACTION: 60-day notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) announces its intention to request that the Office of Management and Budget (OMB) renew its approval to collect information from private landowners in western Oregon who are authorized to transport timber over BLM-controlled roads. This information collection activity was previously approved by the Office of Management and Budget (OMB), and assigned control number 1004-0168.

DATES: Please submit your comments to the BLM at the address below on or before August 16, 2010.

ADDRESSES: You may mail comments to: U.S. Department of the Interior, Bureau of Land Management, Mail Stop 401-LS, 1849 C St., NW., Washington, DC 20240, Attention: 1004-0168. You may also send comments to Jean Sonneman by fax at 202-912-7102, or by e-mail at: Jean_Sonneman@blm.gov, Attention: 1004-0168.

FOR FURTHER INFORMATION CONTACT: You may contact Sarah Bickford, O&C Road Rights-of-Way Realty Specialist, at 541-471-6694. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, to contact Ms. Bickford. You may also contact Ms. Bickford to obtain a copy, at no cost, of the regulations and the form pertaining to this collection of information.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act (44 U.S.C. 3501-3521), require that interested members of the public and affected agencies be provided an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d) and 1320.12(a)). This notice identifies information collections that are contained in 43 CFR subpart 2812. The BLM will request that the OMB approve this information collection activity for a 3-year term.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility, and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany the

BLM's submission of the information collection requests to OMB.

The following information is provided for the information collection:

Title: Tramroads and Logging Roads (43 CFR part 2810).

Form: Form OR 2812-6, Report of Road Use.

OMB Control Number: 1004-0168.

Summary: This collection of information pertains to rights-of-way on public lands that were returned to the United States after being conveyed for construction of the Oregon & California Railroad. On these lands in western Oregon, the BLM Oregon State Office has authority under the Act of August 28, 1937 (43 U.S.C. 1181a and 1181b) and Subchapter V of the Federal Land Policy and Management Act (43 U.S.C. 1761-1771) to grant rights-of-way to private landowners to transport their timber over BLM-controlled roads. Each right-of-way permit issued under these two authorities requires the permittee to provide the BLM with a certified statement disclosing the amount of timber removed, the lands from which the timber was removed, and the BLM roads used to transport the timber. Permittees must submit this information on a quarterly basis using Form OR 2812-6, Report of Road Use.

The BLM uses this information to calculate road use fees, as authorized at Section 502 the Federal Land Policy and Management Act (43 U.S.C. 1762). If we did not require the collection of information, it would not be possible to monitor compliance with the terms and conditions of the permits described above, and road costs would not be collected in a timely manner.

Frequency of Collection: Quarterly.

Estimated Number and Description of Respondents: Approximately 68 holders of rights-of-way for use of BLM-controlled roads in western Oregon.

Currently Approved Reporting and Recordkeeping "Hour" Burden: The currently approved annual reporting burden is 272 responses and 2,176 hours.

Currently Approved Reporting and Recordkeeping "Non-Hour Cost" Burden: \$0.

The Paperwork Reduction Act (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record. Before including your

address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Jean Sonneman,

Acting Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Background

The 7,021-acre Modoc National Wildlife Refuge is located southeast of Alturas, California. The Refuge was established in 1960 under the Migratory Bird Conservation Act (16 U.S.C. 715d) and the Refuge Recreation Act (16 U.S.C. 460k-460 K.4). Lands within the Refuge have been set aside for use as an inviolate sanctuary, and other management purposes, for migratory birds, for incidental fish and wildlife-oriented recreational development, for the protection of natural resources, and for the conservation of endangered species or threatened species.

Located near the confluence of the north and south forks of the Pit River, the Refuge conserves, protects, and manages a mosaic of freshwater lakes and ponds, seasonal wetlands, irrigated meadows, grasslands, and sagebrush/juniper upland habitats. These habitats provide important resting, feeding, and nesting areas for ducks, geese, and other migratory birds, including the greater sandhill crane.

We announce our decision and the availability of the FONSI for the final CCP in accordance with National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements. We completed a thorough analysis of impacts on the human environment, which we included in the EA that accompanied the draft CCP.

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and
