

become a party must file a motion to intervene. All such motions or protests should be filed on or before January 13, 2003, the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

A person obtaining intervenor status will be placed on the service list maintained by FERC and will receive copies of all documents filed by Applicant and by every one of the intervenors. An intervenor can file for rehearing of any FERC order and can petition for court review of any such order. However if an intervenor chooses not to file electronically, an intervenor must submit copies of comments or any other filing it makes with FERC to every other intervenor in the proceeding, as well as 14 copies with FERC.

However, a person does not have to intervene in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of FERC. Commenters will be placed on FERC's environmental mailing list, receive copies of environmental documents, and be able to participate in meetings (if any) associated with FERC's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by FERC and will not have the right to seek rehearing or appeal FERC's final order to a Federal court.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission)

and will not have the right to seek court review of the Commission's final order.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon FERC by sections 7 and 15 of the Natural Gas Act and FERC's rules of practice and procedure, a hearing will be held without further notice before FERC or its designee on this application if no motion to intervene is filed within the time required herein, if FERC on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if FERC on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Transco to appear or be represented at the hearing.

Deputy Secretary.

Southern Star Central Gas Pipeline, Inc.; Notice of Filing OF Refund Report

December 24, 2002.

Take notice that on December 17, 2002, Southern Star Central Gas Pipeline, Inc. (Southern Star) formerly Williams Gas Pipelines Central, Inc. tendered for filing, pursuant to Article III, paragraph D of the Stipulation & Agreement dated January 31, 2001, in Docket No. RP93-109-017, its refund report of environmental proceeds received from third-party insurers.

Article III states that Southern Star will allocate its pass-through of third-

party environmental proceeds, if any, to Southern Star's customers based on firm reservation revenues during the twelve months ended September 30. Southern Star is herewith filing its report of third-party insurance proceeds received during the 12 months ended September 30, 2002, and the allocation, reflected on Schedule B, which sets forth the amount to be refunded to each party under the terms of this settlement. Southern Star states that it will make the refunds to each of the customers listed thereon on or before January 31, 2003.

Southern Star states that a copy of its filing was served on all jurisdictional customers and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's rules and regulations.
