SUPPLEMENTARY INFORMATION:

Authority for This Action

Section 44701(a)(5) of title 49 of the U.S.C. requires the Administrator to promulgate regulations and minimum standards for other practices, methods, and procedures necessary for safety in air commerce and national security. Consistent with this authority, the Administrator publishes FSB Reports for use by FAA employees who approve training programs, FAA employees and designees who certify airmen, and aircraft operators and training providers, to assist them in developing their flightcrew member training, checking, and currency. Additionally, the Administrator publishes this notice consistent with this same authority.

Background

In September 2020, the FAA completed an operational evaluation of proposed operating procedures (checklists) and pilot training as a result of The Boeing Company Model 737–8 and 737–9 (737 MAX) design changes. The operational evaluation identified potential refinements to this Airplane Flight Manual (AFM) non-normal checklist Airspeed Unreliable. This AFM non-normal procedure was referenced in the NPRM Airworthiness Directives; The Boeing Company Airplanes (85 FR 47698). The FAA has posted the draft Boeing 737 FSB Report and an addendum to the Boeing 737 FSB Report, describing the potential refinements to the non-normal checklist at https://www.faa.gov/aircraft/draft_docs/fsb/.

Comments Invited

The FAA invites public comments on the draft FSB Report, The Boeing Company 737, Revision 17, including the FSB Report addendum.

Federal Aviation Administration

[Docket No. FAA–2020–0124]

Agency Information Collection Activities: Requests for Comments; Clearance of a New Approval of Information Collection: FAA Organization Designation Authorization (ODA) Survey

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a new information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on February 4, 2020. The collection involves a survey of Organization Designation Authorization (ODA) holders and ODA program applicants to document and assess FAA certification and oversight activities. The information to be collected is necessary because it is

required of the FAA per Section 213 of the FAA Reauthorization Act of 2018.

DATES: Written comments should be submitted by November 9, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Robert Busto by email at: robert.busto@faa.gov; phone: 816–329–4143.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–XXXX.

Title: FAA Organization Designation Authorization (ODA) Survey.

Form Numbers: None.

Type of Review: New information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on February 4, 2020 (85 FR 6528). Section 213 of the FAA Reauthorization Act of 2018 requires FAA to establish an Expert Panel comprised of ODA holders, aviation manufacturers, safety experts, and FAA labor organizations. The Panel is instructed in the Act to conduct a survey, “of ODA holders and ODA program applicants to document and assess FAA certification and oversight activities, including the use of the ODA program and the timeliness and efficiency of the certification process.” The survey’s purpose will be to provide information of whether ODA processes and procedures function as intended, and such information will be incorporated into the Expert Panel’s report of assessment and recommendations. To accomplish this survey, the FAA will use an online survey, rather than a paper-based system, to reduce the burden on respondents and ensure centralized protection and control of the responses. Respondents taking the survey can do so anonymously.

Respondents: We anticipate an 80% participation rate from a respondent pool of approximately 82 ODA holders and applicants, estimated to about 66 respondents.

Frequency: We plan to distribute the survey one time to support the requirement described in Section 213 of the FAA Reauthorization Act of 2018.

Estimated Average Burden per Response: 2.5 hours to complete, 7.5 hours coordination, total 10 hrs.

Estimated Total Annual Burden: 660 Hours total (220 annualized for the 3-year approval window).

Issued in Washington, DC.

Joy Wolf,

Management & Program Analyst for Regulatory and Guidance Processing, Aircraft Certification Service.

SUPPLEMENTARY INFORMATION:

Title: Assessment of Transportation Planning, Performance and Asset Management Agency Needs, Capabilities, and Capacity.

Background: FHWA will collect information on the current state of the practice, data, methods, and systems used by state, metropolitan, regional, local, and tribal transportation planning entities to support their required planning, performance and asset management processes in accordance with Title 23 U.S.C. 119, 134, 135, and 150. This includes, but is not limited to, information to support transportation research, capacity building, data collection, planning, travel modeling, and performance and asset management. This also includes information about how data is shared between planning agencies and how it is processed and used in the planning and programming context. Questionnaires will be sent to State DOT headquarters and districts, Metropolitan Planning Organizations, Regional Planning Organizations, and Tribal Governments. FHWA anticipates that one representative from each agency will take approximately 30 minutes to complete up to 4 questionnaires each year. The questionnaires will be administered via the internet and invitations to participate in the questionnaire will be distributed via email.

This information, once compiled, will allow the FHWA to better understand the existing capabilities that agencies across the country have in support of the planning, performance and asset management processes and the readiness they possess to handle new and ongoing challenges. As a result of the collected information, FHWA will focus its efforts and resources on providing targeted and meaningful support for planning, performance and asset management implementation nationwide. Additionally, FHWA will ensure that excellent planning, performance and asset management practices are identified will be shared broadly across the country.

Respondents: Respondents are representatives of State DOT headquarters and districts, Metropolitan Planning Organizations, Regional Planning Organizations, and Tribal Governments.

Respondents: 950 respondents annually.

Frequency: 4 per year for 3 years.

Estimated Average Burden per Response: Approximately 30 minutes.

Estimated Total Annual Burden

Hours: Up to 1,900 hours annually.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of computer technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: October 5, 2020.
