SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(B), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS, and has no substantially similar U.S.-certified counterpart, shall be refused admission into the United States unless NHTSA has decided that the motor vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notices in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

G&K Automotive Conversion, Inc. of Santa Ana, California (G&K) (Registered Importer 90-007) has petitioned NHTSA to decide whether nonconforming 2005 Mercedes-Benz 350 CLS passenger cars are eligible for importation into the United States. G&K believes that these vehicles are capable of being modified to meet all applicable FMVSS.

In its petition, G&K described the nonconforming 2005 Mercedes-Benz 350 CLS as the same model as the U.S.-certified 2006 Mercedes-Benz CLS class. Because the 350 CLS model was introduced in Europe as a new model in 2005, prior to the introduction of the
