Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;

Information Collection Requirement

Title: Enhanced Security Procedures at Ronald Reagan Washington National Airport.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0035.

Forms(s): DCA Access Standard Security Program (DASSP) Aircraft Operator Application Form.

Affected Public: GA aircraft operators and passengers, ASOs, flight crewmembers, fixed base operators, and gateway airport operators.

Abstract: TSA is requesting an extension of this information collection. In accordance with 49 CFR part 1562, subpart B, TSA requires GA aircraft operators who wish to fly into or out of DCA to designate a security coordinator and adopt the DASSP. Once aircraft operators have complied with the DASSP requirements, they must request a slot reservation from the Federal Aviation Administration (FAA) and request authorization from TSA for each flight into and out of DCA. This information collection is approved under OMB control number 1652-0033, TSA Airspace Waiver Applications.

As part of the DASSP requirements, individuals designated as security coordinators, ASOs, and flight crewmembers assigned to duty on a GA aircraft flying into and out of DCA must submit fingerprints for a Criminal History Records Check (CHRC). In addition, GA aircraft operators must also maintain CHRC records of all employees and authorized representatives for whom a CHRC has been completed.

Under the Armed Security Officer Program, DASSP approved entities can nominate candidates through an online nomination form. Once approved by TSA to participate, the candidates are vetted for suitability for the program by providing various application materials. A law enforcement employment verification check is then completed. In addition, they are required to submit their fingerprints so that a CHRC can be conducted. Upon successful completion of the application process, a final determination of eligibility is adjudicated. All qualified applicants must then successfully complete a TSA-approved training course.

Estimated Number of Respondents: 162.

Estimated Annual Burden Hours: 176.

Dated: April 18, 2025.
