##### Thermoformed Molded Fiber Products From the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination and Extension of Provisional Measures

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that thermoformed molded fiber products from the People's Republic of China (China) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is April 1, 2024, through September 30, 2024. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable May 12, 2025.

**FOR FURTHER INFORMATION CONTACT:** Dennis McClure or Matthew Lipka, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5973 or (202) 482-7976, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 4, 2024.<sup>1</sup> On March 4, 2025, Commerce postponed the preliminary determination of this investigation, and the revised deadline is now May 6, 2025.<sup>2</sup>

For a complete description of the events that followed the initiation of

<sup>1</sup> See *Thermoformed Molded Fiber Products From the People's Republic of China and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 89 FR 87551 (November 4, 2024) (Initiation Notice).

<sup>2</sup> See *Thermoformed Molded Fiber Products from the People's Republic of China and the Socialist Republic of Vietnam: Postponement of Preliminary Determinations in the Less-Than-Fair Value Investigations*, 90 FR 11153 (March 4, 2025).

this investigation, *see* the Preliminary Decision Memorandum.<sup>3</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

### Scope of the Investigation

The product covered by this investigation is thermoformed molded fiber products from China. For a complete description of the scope of this investigation, *see* Appendix I.

### Scope Comments

In accordance with the *Preamble* to Commerce's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).<sup>5</sup> On November 25, 2024, interested parties submitted comments on the scope of this investigation and, on December 5, 2024, the American Molded Fiber Coalition (the petitioners) responded to these scope comments.<sup>6</sup> For a summary of the product coverage comments and rebuttal responses submitted to the record for this investigation and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.<sup>7</sup> Commerce is

preliminarily modifying the scope language as it appeared in the *Initiation Notice*. *See* the revised scope in Appendix I to this notice.

### Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act and constructed export prices in accordance with section 772(b) of the Act. Because China is a non-market economy (NME), within the meaning of section 771(18) of the Act, Commerce has calculated normal value in accordance with section 773(c) of the Act. Furthermore, pursuant to sections 776(a) and (b) of the Act, Commerce preliminarily has relied upon facts otherwise available, with adverse inferences, for the China-wide entity, which includes (1) Be Green Packaging Co., Ltd., (2) Greenland Industrial Limited, (3) Sabert (Zhongshan) Limited, (4) Shanghai Veridian International Co. LTD, (5) Shanghai Yingzhenghui Green Industrial Co., Ltd., (6) Zhejiang Beehive Trading Company, (7) Zhejiang Enjoy & Wonderful Inc., and (8) Zhejiang Jiadebao Technology Co., Ltd. In addition, Commerce has applied partial facts otherwise available, with adverse inferences, to mandatory respondents Guangxi Firstpak Environmental Technology Co., Ltd. (Guangxi Firstpak) and the collapsed single entity that includes mandatory respondent Zhejiang Zhongxin Environmental Protection Technology Group Co., Ltd. (Zhejiang Zhongxin).<sup>8</sup> For a full description of the methodology underlying Commerce's preliminary determination, *see* the Preliminary Decision Memorandum.

Thermoformed Molded Fiber Products from the People's Republic of China and the Socialist Republic of Vietnam: Preliminary Scope Decision Memorandum," dated concurrently with this notice (Preliminary Scope Decision Memorandum).

<sup>8</sup> Commerce has preliminarily determined that the mandatory respondent Zhejiang Zhongxin is affiliated with the following companies and has treated these companies as a single entity: (1) Chongzuo Zhongxin Environmental Protection Technology Co., Ltd.; (2) Guangxi Huabao Fiber Products Co., Ltd.; (3) Jinhua Zhongsheng Fiber Products Co., Ltd.; and (4) Hangzhou Ganzhejun Environmental Protection Technology Co., Ltd (collectively, the Zhongxin Group). *See* the Preliminary Decision Memorandum for further details.

### Combination Rates

In the *Initiation Notice*,<sup>9</sup> Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.<sup>10</sup>

### Separate Rates

We preliminarily granted a separate rate to certain respondents that we did not select for individual examination.<sup>11</sup> In calculating the rate for non-individually examined separate rate respondents in an NME LTFV investigation, Commerce normally looks to section 735(c)(5)(A) of the Act, which pertains to the calculation of the all-others rate in a market economy LTFV investigation, for guidance. Pursuant to section 735(c)(5)(A) of the Act, normally this rate shall be an amount equal to the weighted-average of the estimated weighted-average dumping margins established for those companies individually examined, excluding zero and *de minimis* dumping margins, and any dumping margins based entirely under section 776 of the Act.

In this investigation, Commerce calculated individual estimated weighted-average dumping margins for Guangxi Firstpak and the Zhongxin Group that are not zero, *de minimis*, or based entirely on facts otherwise available. Thus, the weighted-average dumping margins calculated for Guangxi Firstpak and the Zhongxin Group are the basis to determine the weighted-average dumping margin for the non-examined, separate rate companies in this investigation.<sup>12</sup> *See* the table below in the "Preliminary Determination" section of this notice.

### Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

### Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as discussed below. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the weighted average amount by which normal value exceeds U.S. price, as indicated in the chart above, as follows: (1) for the producer/exporter combinations listed in the table above, the cash deposit rate is equal to the estimated weighted-average dumping margin listed for that combination in the table; (2) for all combinations of Chinese producers/exporters of merchandise under consideration that have not established eligibility for their own separate rates, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the China-wide entity; and (3) for all third-country exporters of merchandise under consideration not listed in the table above, the cash deposit rate is the cash deposit rate applicable to the Chinese producer/exporter combination (or the China-wide entity) that supplied that third-country exporter.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce has made a preliminary affirmative determination for domestic subsidy pass-through or export subsidies, Commerce has offset the calculated estimated weighted-average dumping margin by the appropriate rate(s). Any such adjusted rates may be found in the Preliminary Determination section's

chart of estimated weighted-average dumping margins, above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margins calculated in this preliminary determination unadjusted for the passed-through domestic subsidies or for export subsidies at the time the CVD provisional measures expire.

These suspension of liquidation instructions will remain in effect until further notice.

### Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with this preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

### Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify information relied upon in making its final determination.

### Public Comment

All interested parties are invited to comment on Commerce's Preliminary Scope Decision Memorandum in scope case and scope rebuttal briefs. The

deadline for interested parties to submit scope case briefs is 30 days after the issuance of the Preliminary Scope Decision Memorandum. Scope rebuttal briefs, limited to issues raised in the scope case briefs, may be submitted no later than seven days after the deadline for the scope case briefs. Scope case and rebuttal briefs must be filed simultaneously, via ACCESS, on the records of the LTFV and CVD investigations of thermoformed molded fiber products from China and the Socialist Republic of Vietnam.

Case briefs or other written comments, excluding scope comments, may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last final verification report is issued in this investigation. A timeline for the submission of case briefs and written comments will be provided to interested parties at a later date. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>13</sup> Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.<sup>14</sup>

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>15</sup> Further, we request that interested parties limit their executive

We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).<sup>16</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.

#### **Postponement of Final Determination and Extension of Provisional Measures**

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Pursuant to 19 CFR 351.210(e)(2), Commerce requires that requests by respondents for postponement of a final antidumping duty determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On April 9, 2025, Guangxi Firstpak requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.<sup>17</sup> In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter

accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

#### **U.S. International Trade Commission (ITC) Notification**

In accordance with section 733(f) of the Act, Commerce will notify the ITC of its preliminary determination of sales at LTFV. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry.

#### **Notification to Interested Parties**

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

Dated: May 6, 2025.

#### **Appendix I**

##### **Scope of the Investigation**

The merchandise subject to this investigation consists of thermoformed molded fiber products regardless of shape, form, function, fiber source, or finish. Thermoformed molded fiber products are formed with cellulose fibers, thermoformed using one or more heated molds, and dried/cured in the mold.

Thermoformed molded fiber products include, but are not limited to, plates, bowls, clamshells, trays, lids, food or foodservice contact packaging, and consumer or other product packaging.

Thermoformed molded fiber products are relatively dense, with a typical fiber density above 0.5 grams per cubic centimeter, and are generally characterized by relatively smooth surfaces. They may be derived from any virgin or recycled cellulose fiber source (including, but not limited to, those sourced from wood, woody crops, agricultural crops/byproducts/residue, and agricultural/industrial/other waste). They may have any weight, shape, dimensionality, design, or size, and may be bleached, unbleached, dyed, colored, or printed. They may include ingredients, additives, or chemistries to enhance functionality including, but not limited to, anti-microbial, anti-fungal, anti-

bacterial, heat/flame resistant, hydrophobic, oleophobic, absorbent, or adsorbent. Thermoformed molded fiber products may also be subject to other processing or treatments, including, but not limited to, hot or after pressing, die-cutting, punching, trimming, padding, perforating, printing, labeling, dyeing, coloring, coating, laminating, embossing, debossing, repacking, or denesting. Thermoformed molded fiber products subject to this investigation may also have additional design features, including, but not limited to, tab closures, venting, channeling, or stiffening.

Thermoformed molded fiber products remain covered by the scope of this investigation if the subject product is encased by exterior packaging. They also remain covered by the scope of this investigation whether imported alone, or in any combination of subject and non-subject merchandise (e.g., a lid or cover of any type packaged with a molded fiber bowl, addition of any items to make the thermoformed molded fiber packaging suitable for end-use such as absorbent pads). When thermoformed molded fiber products are imported in combination with non-subject merchandise, only the thermoformed molded fiber products are subject merchandise.

Also excluded from the scope of this investigation are products covered by the scope of the antidumping and countervailing duty orders on paper plates from People's Republic of China, the Kingdom of Thailand, and the Socialist Republic of Vietnam.

Excluded from the scope of this investigation are thermoformed molded fiber products imported as packaging material that enclose and/or surround non-subject merchandise prepackaged for final sale upon importation into the United States (e.g., molded fiber packaging surrounding a cellular phone).

Thermoformed molded fiber products include thermoformed molded fiber products matching the above description that have been finished, packaged, or otherwise processed in a third country by performing finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the thermoformed molded fiber products. Examples of finishing, packaging, or other processing in a third country that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the thermoformed molded fiber products include, but are not limited to, hot or after pressing, die-cutting, punching, trimming, padding, perforating, printing, labeling, dyeing, coloring, coating, laminating, embossing, debossing, repacking, or denesting.

Thermoformed molded fiber products are classified under subheadings 7823.70.0020 and 4823.70.0040, Harmonized Tariff Schedule of the United States (HTSUS). Imports may also be classified under subheadings 4823.61.0020, 4823.61.0040, 4823.69.0020, 4823.69.0040, 4823.90.1000, HTSUS. References to the HTSUS classification are provided for convenience and customs purposes, and the written

### Thermoformed Molded Fiber Products From the Socialist Republic of Vietnam: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination and Extension of Provisional Measures

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that thermoformed molded fiber products from the Socialist Republic of Vietnam (Vietnam) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is April 1, 2024, through September 30, 2024. Interested parties are invited to comment on this preliminary determination.

**DATES:** Applicable May 12, 2025.

**FOR FURTHER INFORMATION CONTACT:** Zachary Shaykin, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2638.

### SUPPLEMENTARY INFORMATION:

#### Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 4, 2024.<sup>1</sup> On March 4,

<sup>1</sup> See *Thermoformed Molded Fiber Products from the People's Republic of China and the Socialist*

2025, Commerce postponed the preliminary determination of this investigation, and the revised deadline is now May 6, 2025.<sup>2</sup>

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.<sup>3</sup> A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Scope of the Investigation

The product covered by this investigation is thermoformed molded fiber products from Vietnam. For a complete description of the scope of this investigation, see Appendix I.

#### Scope Comments

In accordance with the *Preamble* to Commerce's regulations,<sup>4</sup> the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (scope).<sup>5</sup> On November 25, 2024, interested parties submitted comments on the scope of this investigation and, on December 5, 2024, the American Molded Fiber Coalition (the petitioners) responded to these scope comments.<sup>6</sup> For a summary of the

product coverage comments and rebuttal responses submitted to the record for this investigation and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.<sup>7</sup> Commerce is preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See the revised scope in Appendix I to this notice.

#### Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Because Vietnam is a non-market economy (NME), within the meaning of section 771(18) of the Act, Commerce has calculated normal value in accordance with section 773(c) of the Act. In addition, Commerce has relied on partial adverse facts available under sections 776(a) and (b) of the Act for Vietnam Yuzhan Packaging Technology Company Limited (Yuzhan). For a full description of the methodology underlying Commerce's preliminary determination, see the Preliminary Decision Memorandum.

#### Combination Rates

In the *Initiation Notice*,<sup>8</sup> Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.<sup>9</sup>

#### Separate Rates

We preliminarily granted a separate rate to a certain respondent that we did not select for individual examination.<sup>10</sup> In calculating the rate for non-individually examined separate rate respondents in an NME LTFV investigation, Commerce normally looks to section 735(c)(5)(A) of the Act, which pertains to the calculation of the all-others rate in a market economy LTFV investigation, for guidance. Pursuant to section 735(c)(5)(A) of the Act, normally
