III. Current Actions

The information provided by the mine operator on the dust data card that accompanies each dust sample, the reporting of when such samples will be collected to allow MSHA to observe the actual collection, and the reporting of any changes in operation status affecting sampling, are vital to effectively administer the operator sampling program. This allows MSHA to determine not only whether mine operators have complied with the sampling requirements stipulated in the regulations but also which operators were in noncompliance with the applicable dust standard. After processing, results are reported back to mine operators for posting on the mine bulletin board and viewing by miners. MSHA also uses this information to plan enforcement activities and evaluate programs.

Delphi Corporation Electronics and Safety Division Including On-Site Leased Workers From Acro Service Corporation, Manpower and Manpower Professional, Kokomo, IN; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on February 14, 2008, applicable to workers of Delphi Corporation, Electronics and Safety Division, Kokomo, Indiana. The notice was published in the **Federal Register** on February 29, 2008 (73 FR 11152). The certification was amended on October 16, 2008 to include on-site leased workers from Acro Service Corporation. The notice was published in the **Federal Register** on October 27, 2008 (73 FR 63733).

At the request of the petitioner, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of various types of automobile components, including: Heating, ventilating, air-conditioning systems (HVAC), amplifiers, mainboards, gas control modules, hybrid airmeter electronics, hybrid ignition electronics, pressure sensors, transmission control modules, crash sensing devices, occupant sensing devices, warning systems and semiconductors.

New information shows that leased workers of Manpower and Manpower Professional were employed on-site at the Kokomo, Indiana location of Delphi Corporation, Electronics and Safety Division. The Department has determined that these workers are

sufficiently under the control of Delphi Corporation, Electronics and Safety Division.

Based on these findings, the Department is amending this certification to include leased workers of Manpower and Manpower Professional working on-site at the Kokomo, Indiana location of the subject firm.

The intent of the Department's certification is to include all workers employed at Delphi Corporation, Electronics and Safety Division who were adversely affected by a shift in production in Mexico.

The amended notice applicable to TA-W-62,760 is hereby issued as follows:

All workers of Delphi Corporation, Electronics and Safety Division, including on-site leased workers from Acro Service Corporation, Manpower and Manpower Professional, Kokomo, Indiana, who became totally or partially separated from employment on or after January 28, 2007, through February 14, 2010, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC, this 14th day of April 2009.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.
