Re-Proposal of Effluent Limits Under the NPDES General Permit for Oil and Gas Exploration, Development and Production Facilities Located in State and Federal Waters in Cook Inlet, AK (AKG-31-5000)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA Region 10 today re-proposes six effluent limits for produced water under the National Pollutant Discharge Elimination System (NPDES) General Permit for Oil and Gas Exploration, Development and Production Facilities in State and Federal Waters in Cook Inlet, Permit No. AKG-31-5000 (Permit). The effluent limits subject to the re-proposal are: mercury, copper, total aromatic hydrocarbons (TAH), total aqueous

hydrocarbons (TAQH), silver, and whole effluent toxicity (WET). As proposed, the Permit would continue to authorize discharges from exploration, development, and production facilities that are included in the Coastal and Offshore Subcategory of the Oil and Gas Extraction Point Source Category as authorized by Section 402 of the Clean Water Act (CWA or "the Act"), 33 U.S.C. 1342.

State Certification: Section 401 of the Act, 33 U.S.C. 1341, requires EPA to seek a certification from the State that the conditions of the re-proposed Permit are stringent enough to comply with State water quality standards. EPA obtained a draft certification from the Alaska Department of Environmental Conservation (ADEC) on May 3, 2011. EPA intends to seek a final certification from ADEC prior to issuing the final Permit. When the State issues certification, the State may impose more stringent conditions than are currently included in the Permit re-proposal to ensure compliance with State water quality standards. EPA would then be required to include the more stringent conditions from the State certification in the Permit pursuant to Section 401(d) of the Act, 33 U.S.C. 1341(d).

DATES: *Comments.* The public comment period on the re-proposed produced water effluent limits will be from the date of publication of this Notice until June 20, 2011. Comments must be received or post-marked by no later than midnight on June 20, 2011.
