## B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

## C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

### Bureau of Land Management

**[LLCAD6000. L51010000. ER0000.  
LVRWB20B5120. 20XL1109AF;  
MO#4500145013]**

### Notice of Availability of the Crimson Solar Final Environmental Impact Statement and Proposed Land Use Plan Amendment, Riverside County, CA

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) and Proposed Land Use Plan Amendment to the California Desert Conservation Area (CDCA) Plan for the Crimson Solar Project, Riverside County, California, and by this notice is announcing its availability.

**DATES:** BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the BLM's Proposed Land Use Plan Amendment. A person who meets the conditions and files a protest must do so within 30 days of the U.S. Environmental Protection Agency's (EPA) publication of its Notice of Availability in the **Federal Register**. The EPA published its Notice of Availability on February 12, 2021 (86 FR 9335).

**ADDRESSES:** You may review the Final EIS/Plan Amendment at <https://go.usa.gov/xACdN>. Instructions for filing a protest regarding the proposed Resource Management Plan Amendment are at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/filing-a-plan-protest> and at 43 CFR 1610.5-2.

**FOR FURTHER INFORMATION CONTACT:** Miriam Liberatore, Project Manager,

telephone 541-618-2200, email [mliberat@blm.gov](mailto:mliberat@blm.gov); mailing address Bureau of Land Management, 3040 Biddle Road, Medford, OR 97504. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Ms. Liberatore during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** Sonoran West Solar Holdings LLC (the Applicant), a wholly owned subsidiary of Recurrent Energy LLC, applied for a right-of-way (ROW) grant for a photovoltaic solar project with the BLM. The applicant proposes to construct, operate, maintain, and decommission a maximum 350-megawatt solar photovoltaic facility with integrated battery storage and necessary ancillary facilities, including project substations, access roads, operations and maintenance buildings, and lay down areas. The Proposed Action includes 2,500 acres of BLM-administered land in Riverside County, California. The CDCA requires newly proposed utility sites not previously identified in the plan and proposed transmission lines outside designated utility corridors to be considered through a Plan Amendment. This decision therefore would amend the CDCA Plan to identify the Crimson Solar Project site as suitable for solar energy generation and to recognize the development of a high-voltage transmission line outside a designated corridor.

The BLM is the lead NEPA agency and will make Federal decisions regarding the proposed Plan Amendment and the ROW for the Project. The U.S. Fish and Wildlife Service is a Cooperating Agency and issued a Biological Opinion for the project on February 22, 2020. The U.S. EPA (Region 9) is a Cooperating Agency but does not have a direct permitting role in the project. The California

Department of Fish and Wildlife (CDFW) is the lead agency under the California Environmental Quality Act and will decide whether to issue the applicant an Incidental Take Permit and/or a Lake and Streambed Alteration Agreement. The CDFW will release a Final Environmental Impact Report (EIR) independent of this EIS/Plan Amendment.

The Draft EIS/EIR/Plan Amendment was available for a 90-day public comment period on November 1, 2019 (84 FR 58738). The BLM held public meetings on December 2 and 3, 2019, in Palm Desert and Blythe, respectively. Twenty-one comments were received during the comment period. Responses to substantive comments are in Appendix W of the Final EIS/Plan Amendment (Responses to Comments). Public comments resulted in the addition of clarifying text but did not warrant changes to the analysis or conclusions.

In addition to the Proposed Action (Alternative A), the Final EIS/Plan Amendment considers a no action alternative and two action alternatives. Alternative B, Alternative Design, would include one or more of three design elements to reduce grading, trenching, and vegetation removal during construction. Alternative C, Reduced Acreage, would be the same as described under Alternative A in the number and size of project-related facilities and energy generation, but the project area would be reduced to 2,049 acres. All action alternatives would amend the CDCA plan to allow the project. The Agency Preferred Alternative combines Alternative B (reduced grading and reduced vegetation removal) and Alternative C (reduced acreage).

The BLM utilized and coordinated the NEPA process to help fulfill the public involvement process under the National Historic Preservation Act (54 U.S.C. 306108), as provided in 36 CFR 800.2(d)(3).

All protests must be in writing and submitted in accordance with the instructions outlined at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/filing-a-plan-protest> and at 43 CFR 1610.5–2. A written decision will be rendered on each protest and mailed to each protesting party. This decision will be the final decision of the Department of the Interior on each protest. Responses to protest issues will be compiled in a Protest Resolution Report made available following issuance of the decisions. Upon resolution of all protests, a Record of Decision will be issued, which will include information

on any further opportunities for public involvement.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Authority:** 40 CFR 1506.6; 40 CFR 1506.10; 43 CFR 1610.2; 43 CFR 1610.5; 42 U.S.C. 4370m–6(a)(1).

**Karen E. Mouritsen,**  
*BLM California State Director.*

## DEPARTMENT OF THE INTERIOR

### National Park Service

**[NPS–WASO–NAGPRA–NPS0031474;  
PPWOCRADN0–PCU00RP14.R50000]**

### Notice of Inventory Completion: U.S. Department of the Interior, National Park Service, Kaloko-Honokōhau National Historical Park, Kailua-Kona, HI

**AGENCY:** National Park Service, Interior.  
**ACTION:** Notice.

**SUMMARY:** The U.S. Department of the Interior, National Park Service, Kaloko-Honokōhau National Historical Park has completed an inventory of human remains in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and present-day Indian Tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to Kaloko-Honokōhau National Historical Park. If no additional requestors come forward, transfer of control of the human remains to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

**DATES:** Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Kaloko-Honokōhau

National Historical Park at the address in this notice by March 26, 2021.

**ADDRESSES:** John Broward, Superintendent, Kaloko-Honokōhau National Historical Park, 73–4786 Kanalani Street #14, Kailua-Kona, HI 96740, telephone (808) 329–6881 Ext. 1201, email [john\\_broward@nps.gov](mailto:john_broward@nps.gov).

**SUPPLEMENTARY INFORMATION:** Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the U.S. Department of the Interior, National Park Service, Kaloko-Honokōhau National Historical Park, Kailua-Kona, HI. The human remains were removed from Kaloko, Hawaii County, HI.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the Superintendent, Kaloko-Honokōhau National Historical Park.

### Consultation

A detailed assessment of the human remains was made by Kaloko-Honokōhau National Historical Park professional staff in consultation with representatives of the Office of Hawaiian Affairs and representatives of the 'ohana of Annandale (Kailea); Ayau (Halealoha); Ching (Ulu); Harp (Paka); Lee (Reggie); Lui, (Nicole); Naboa (Nona); Nelson (Shane); Pai (Mahealani); and Vincent (William Kahale).

### History and Description of the Remains

In 1971, human remains representing, at minimum, two individuals were removed from site D13–15 in Hawaii County, HI, during archeological excavations by the University of California at Santa Barbara prior to the establishment of Kaloko-Honokōhau National Historical Park. The human remains were donated to the National Park Service in 1991 along with other cultural material from the archeological work at Kaloko. When donated, the human remains were described as non-human, animal bone fragments. These remains were identified as human in 2019. No known individuals were identified. No associated funerary objects are present.

Site D13–15 is a permanent habitation complex that dates to traditional Hawaiian, pre-European contact times and is identified as Native Hawaiian.
