November 13

1 p.m. - 3:30 p.m.—Convene the Shrimp Management Committee to discuss the proposed Shrimp Amendment 11 and develop recommendations for final action by the full Council on Wednesday afternoon. Shrimp Amendment 11 contains alternatives for requiring shrimp vessel permits, shrimp vessel registration, operator permits, and prohibiting trap gear in the royal red shrimp fishery of the exclusive economic zone.

3:30 p.m. - 4 p.m.—Convene the Stone Crab Management Committee to discuss the proposed Stone Crab Amendment 7 and will develop recommendations for final action by the full Council on Thursday afternoon. Stone Crab Amendment 7 proposes to create a Federal trap certificate program for the commercial stone crab fishery in Federal waters off Florida. This program will be similar to the trap certificate program adopted by the state of Florida.

4 p.m. - 5:30 p.m.—Convene the Mackerel Management Committee to discuss the proposed Dolphin/Wahoo FMP and develop recommendations for final action by the full Council on Wednesday afternoon. They will also hear scientific presentations on cobia. The Dolphin/Wahoo FMP has been

prepared by the South Atlantic, Gulf, and Caribbean fishery management councils. The first 10 actions, with options, of the Dolphin/Wahoo FMP contain measures that are applicable to the dolphin and wahoo stocks in the jurisdictions of all 3 councils. These include measures to: define the management units; address dealer, vessel, and operator permits; consider data reporting requirements; identify estimates of maximum sustainable yield, optimum yield, and overfishing/overfished criteria; and, framework options to enable seasonal adjustments to the management structure. Other actions, with options, are separately applicable to each Council's area of jurisdiction, and include actions that may be implemented through the framework procedures, e.g. minimum size limits, bag limits, trip limits, and allocations, among others.

November 14

8:30 a.m. - 12:30 a.m.—Convene the Reef Fish Management Committee to receive the Reef Fish Stock Assessment Panel's and the Socioeconomic Panel's recommendations on grouper complex rebuilding scenarios, and to receive a report from NMFS on red snapper restoration scenarios. This discussion will include management strategies, estimates of trawl bycatch, alternative assessment scenarios, and the management implications.

1:30 p.m. - 2 p.m.—Convene the Joint Reef Fish and Mackerel Management Committees to consider further Council action on a Draft Amendment for Charter Vessel Permit Moratorium for public hearings. The draft amendment proposes to put a moratorium on the issuance of additional permits for charter vessels to fish for reef fish or coastal migratory pelagics in federal waters of the Gulf of Mexico. The amendment will make the charter vessel permits transferable.

2 p.m. - 4 p.m.—Convene the Habitat Protection Committee to hear a review of the Turkey Creek Development Project, a review of floating production storage and offloading systems, an update on an Essential Fish Habitat lawsuit, receive recommendations from the Texas Habitat Protection Advisory Panel meeting, and discuss draft council wetland and submerged aquatic vegetation policies.

4 p.m. - 5:30 p.m.—Convene the Administrative Policy Committee to discuss amendments to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson Act) and amendments to the Council's Administrative Handbook. They will develop recommendations for

comments to be heard by full Council on Thursday afternoon.

Although non-emergency issues not contained in the agenda may come before the Council for discussion, in accordance with the Magnuson Act, those issues may not be the subject of formal Council action during this meeting. Council action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305 (c) of the Magnuson Act, provided the public has been notified of the Council's intent to take final action to address the emergency. A copy of the Committee schedule and agenda can be obtained by calling (813) 228-2815.

SUPPLEMENTARY INFORMATION:

Authority

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531-1543) (ESA), is based on a finding that such permits/modifications: (1) are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222-226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.
