

Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: The 145 Street Bridge, across the Harlem River at mile 2.8, has a vertical clearance in the closed position of 25 feet at mean high water and 30 feet at mean low water. The existing regulations are listed at 33 CFR 117.789(c)(1).

The owner of the bridge, the New York City Department of Transportation (NYCDOT), requested this temporary deviation to facilitate mechanical bridge maintenance.

Habitual users of the waterway normally can transit under the 145 Street Bridge without requesting a bridge opening due to the size of the vessel traffic that frequently transits this waterway and the ample vertical clearance provided by the bridge in the closed position.

Under this temporary deviation the 145 Street Bridge may remain in the closed position from October 13, 2008 through October 18, 2008.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 2, 2008.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[USCG-2008-0969]

Drawbridge Operation Regulation; Saugus River, MA, Maintenance

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Fox Hill (SR107) Bridge across the Saugus River at mile 2.5, between Lynn and Saugus, Massachusetts. Under this temporary deviation the bridge may open on a limited operating schedule for several months to facilitate the reliability of the bridge until it can be repaired during the winter months.

DATES: This deviation is effective from October 15, 2008 through December 15, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2008-0969 and are available online at <http://www.regulations.gov>. They are also available for inspection or copying at two locations: The Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays, and the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts, 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions about the rule, call John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: The Fox Hill (SR107) Bridge has a vertical clearance in the closed position of 6 feet at mean high water and 16 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.618(c).

The Massachusetts Highway Department (MHD) requested a temporary deviation to help insure the safe reliable operation of the bridge until major repairs can be implemented during the winter months when the waterway has little activity.

The waterway has seasonal recreational vessels and commercial lobster fishing vessels of various sizes.

A meeting between the Coast Guard, the owner of the bridge (MHD), and the commercial lobster fleet was held on September 10, 2008. The owner of the bridge presented engineering evidence of the poor condition of the bridge and the need to perform major bridge repairs during the winter months. It was concluded that in order to keep the bridge operating safely and reliably until the major repairs can commence the number of bridge openings must be reduced to save wear and tear on the mechanical components. This temporary deviation is therefore necessary in order to insure that the bridge continues to operate in a safe reliable manner until the major repairs can be made. No objection to the proposed temporary deviation schedule was voiced by interested parties.

Therefore, under this temporary deviation, in effect from October 15, 2008 through December 15, 2008, the Fox Hill (SR107) Bridge shall open on signal on the hour and half hour only between 5 a.m. and 7 p.m.

From 7 p.m. to 5 a.m. the draw shall open on signal if at least a one-hour advance notice is given by calling the number posted at the bridge.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 2, 2008.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

33 CFR Part 117

[Docket No. USCG-2008-0825]

Drawbridge Operation Regulation; Cumberland River, Nashville, TN

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation governing the operation of the Louisville and Nashville (CSX) Railroad Drawbridge, across the Cumberland River, Mile 190.4, at Nashville, Tennessee. The deviation is necessary to retrofit the bridge with an upgraded rail lift system. This deviation allows the bridge to remain in a closed-to-navigation position for a four-day period.

DATES: This deviation is effective from 7 a.m. to 7 p.m., November 17-20, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2008-0825 and are available online at <http://www.regulations.gov>. They are also available for inspection or copying at two locations: the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays,

and the Robert A. Young Federal Building, Room 2.107F, 1222 Spruce Street, St. Louis, MO 63103-2832, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on the rule, call Roger K. Wiebusch, Bridge Administrator, 314-269-2378. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, 202-366-9826.

SUPPLEMENTARY INFORMATION: CSX Transportation Inc. requested a temporary deviation for the Louisville and Nashville Railroad Drawbridge, mile 190.4, at Nashville, Tennessee, across the Cumberland River to close the bridge to navigation. The Louisville and Nashville Railroad Drawbridge currently operates in accordance with 33 CFR 117.5, which states the general requirement that drawbridges shall open promptly and fully for the passage of vessels when a request to open is given in accordance with the subpart. In order to meet the bridge owner's request the deviation period is 7 a.m. to 7 p.m., November 17-20, 2008 for the draw span to remain in the closed-to-navigation position.

There are no alternate routes for vessels transiting this section of the Cumberland River. The bridge has a vertical clearance of 47 feet above normal pool in the closed-to-navigation position. Navigation on the waterway consists primarily of commercial tows, barge fleet, and recreational watercraft. The majority of vessels can pass under the bridge in the closed position. On average there may be no more than two openings during a week. This temporary deviation has been coordinated with waterway users and no objections were raised.

In accordance with 33 CFR 117.35(e), the drawbridge shall return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: September 30, 2008.

Roger K. Wiebusch,
Bridge Administrator.

BILLING CODE 4910-15-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R10-OAR-2008-0166; FRL-8728-1]

Approval and Promulgation of Implementation Plans; Alaska; Interstate Transport of Pollution

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving the actions of the Alaska Department of Environmental Conservation (ADEC) to address the provisions of Clean Air Act section 110(a)(2)(D)(i) for the 8-hour ozone and PM_{2.5} National Ambient Air Quality Standards (NAAQS). These provisions require each state to submit a State Implementation Plan (SIP) revision that prohibits emissions that adversely affect another state's air quality through interstate transport. ADEC has adequately addressed the four distinct elements related to the impact of interstate transport of air pollutants for the state of Alaska. These include prohibiting emissions that contribute significantly to nonattainment of the NAAQS in another state, interfere with maintenance of the NAAQS by another state, interfere with plans in another state to prevent significant deterioration of air quality, or interfere with efforts of another state to protect visibility.

DATES: This direct final rule will be effective December 15, 2008, without further notice, unless EPA receives adverse comment by November 14, 2008. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R10-OAR-2008-0166, by one of the following methods:

A. <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

B. *E-mail:* R10-Public_Comments@epa.gov.

C. *Mail:* Donna Deneen, Office of Air, Waste and Toxics, AWT-107, EPA, Region 10, 1200 Sixth Ave., Suite 900, Seattle, Washington 98101.

D. *Hand Delivery or Courier:* EPA, Region 10 Mail Room, 9th Floor, 1200 Sixth Ave., Seattle, Washington 98101. Attention: Donna Deneen, Office of Air, Waste and Toxics, AWT-107. Such deliveries are only accepted during normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-R10-OAR-2008-0166. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through <http://www.regulations.gov> or e-mail information that you consider to be CBI or otherwise protected. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy during normal business hours at the Office of Air, Waste and Toxics, EPA Region 10, 1200 Sixth Avenue, Seattle, Washington 98101.

FOR FURTHER INFORMATION CONTACT: Donna Deneen at (206) 553-6706, e-mail address: deneen.donna@epa.gov, fax number: (206) 553-0110, or the above EPA Region 10 address.
