### Submission for OMB Review; Comment Request

May 5, 2021.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by June 9, 2021 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

### Food Safety and Inspection Service

*Title:* Mechanically Tenderized Beef Products.

*OMB Control Number:* 0583–0160.

*Summary of Collection:* The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*). This statute mandate that FSIS protect the public by ensuring that meat products are safe, wholesome, unadulterated, and properly labeled and packaged.

*Need and Use of the Information:* FSIS requires the use of the descriptive designation "mechanically tenderized" on the labels of raw or partially cooked needle or blade tenderized beef products, including beef products injected with marinade or solution, unless such products are destined to be fully cooked at an official establishment. Beef products that have been needle or blade tenderized are referred to as "mechanically tenderized" products. Consumers use the information added to the labels of raw or partially cooked mechanically tenderized beef products to ensure that they thoroughly cook these products.

*Description of Respondents:* Business or other-for profit.

*Number of Respondents:* 555.

*Frequency of Responses:* Reporting: One time.

*Total Burden Hours:* 19,719.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

### Food and Nutrition Service

*Title:* The FNS User Access Request Form Data Collection.

*OMB Control Number:* 0584–0532.

*Summary of Collection:* The Federal Information Security Modernization Act of 2014 (Pub. L. 113–283) and Office of Management and Budget (OMB) Circular A–130, Managing Information as a Strategic Resource, establish a minimum set of controls to be included in Federal automated information security programs. Establishing controls over the provisioning of access to sensitive systems and data is directed in OMB Circular A–130.

*Need and Use of the Information:* The FNS User Access Request Form, FNS–674, is designed for this purpose and can be used in situations where (1) access to the FNCS network or an FNCS information system is required; (2) current access is required to be modified; and (3) access is no longer

required and must be revoked. FNCS employees, contractors, State Agencies and partners (Food Banks, etc.) have requested access to FNCS systems via the User Access Request form. FNCS has used the information collected to grant access to the FNCS network and information systems. Information that is collected includes: Name, e-Authentication ID (if applicable), telephone number, email address, contract expiration date, temporary employee expiration date, office address, State/locality codes, system name, form type, type of access, action requested, comments and special instructions.

*Description of Respondents:* State and Local Government, Private Sector Businesses or other for-profits institutions.

*Number of Respondents:* 2,700.

*Frequency of Responses:* Reporting: On occasion.

*Total Burden Hours:* 870.

#### SUPPLEMENTARY INFORMATION:

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

*OMB Number:* 0596-0226.

*Expiration Date of Approval:* July 31, 2021.

*Type of Request:* Extension with no Revision.

*Abstract:* This information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Agency's commitment to improve service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations, provide an early warning

of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public.

If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable. The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are noncontroversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency (if released, the agency must indicate the qualitative nature of the information);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information. The collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study. Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population.

This type of generic clearance for qualitative information will not be used
