

(1) Expertise

A. Scientific advisors and staff with a demonstrated record of research success related to remodeling of chromosomal architecture, transcription, and translation, and

(i) Technical expertise of the Collaborator's Principal Investigator and laboratory group in the technology described above,

(2) Reliability as a Research Partner

A. Willingness to commit best effort and to provide adequate and sustained resources and/or funding, as appropriate, to support the CRADA studies, and

B. Development of this technology, as outlined in the CRADA Collaborator's proposal, and

C. Ability to develop and produce products in a timely manner, as applicable (for example, as demonstrated by a history of meeting benchmarks in licenses), and

D. Commitment to supporting the advancement of scientific research, as evidenced by a willingness to jointly publish research results in a prompt manner, and

E. Willingness to be bound by DHHS and PHS policies regarding:

- (i) the public distribution of unmodified genetic sequences and research tools,
- (ii) the care and handling of animals, and
- (iii) testing in human subjects.

(3) Physical Resources

A. An established headquarters, with office space and basic office equipment, and

B. Access to the organization during business hours by telephone, facsimile, courier, U.S. Post, e-mail, the World-Wide-Web, and, as appropriate, other evolving information technologies, and

C. Sufficient financial and material resources to support, at a minimum, the anticipated activities of the CRADA to meet the needs of NICHD under the proposal.

The collaborator is encouraged to propose, in the written research statement, related applications and technologies other than those specifically described herein.

Dated: February 26, 2001.
