

eligible for grant-in-aid funding from the FAA. Where Federal funding is sought, requests for project grants must be submitted to the FAA Airports District Office in Orlando, FL.

Lee County Port Authority submitted to the FAA on January 30, 2013, the Noise Exposure Maps, descriptions, and other documentation produced during the noise compatibility planning study conducted from May 10, 2012, through March 3, 2014. The Southwest Florida International Airport Noise Exposure Maps were determined by FAA to be in compliance with applicable requirements on January 30, 2013. Notice of this determination was published in the **Federal Register** on February 8, 2013.

The Southwest Florida International Airport study contains a proposed Noise Compatibility Program comprised of actions designed for phased implementation by airport management and adjacent jurisdictions from April 19, 2014 to the year 2018. It was requested that FAA evaluate and approve this material as a Noise Compatibility Program as described in Section 47504 of the Act. The FAA began its review of the Program on October 21, 2013, and was required by a provisions of the Act to approve or disapprove the program within 180-days (other than the use of new or modified flight procedures for noise control). Failure to approve or disapprove such program within the 180-day period shall be deemed to be an approval of such program.

The submitted program contained sixteen (16) proposed actions for noise mitigation on and/or off the airport. The FAA completed its review and determined that the procedural and substantive requirements of the Act and 14 CFR Part 150 have been satisfied. The overall Program, therefore, was approved by the FAA effective April 4, 2014.

Outright approval was granted for five of the specific Program elements. Eleven of the Proposed measures in the NCP were disapproved for purposes of 14 CFR Part 150 because the analysis in the NCP does not demonstrate the measures' noise benefits on the DNL 65 dBA noise contour and they did not result in achieving the goals of reducing existing noncompatible land uses around the airport and preventing the introduction of additional noncompatible land uses in the area around the airport. However, these measures can be implemented by the Airport Sponsor on a voluntary basis.

These determinations are set forth in detail in a Record of Approval signed by the FAA on April 4, 2014. The Record

of Approval, as well as other evaluation materials and the documents comprising the submittal, are available for review at the FAA office listed above and at the administrative office of the Lee County Port Authority. The Record of Approval also will be available online at: http://www.faa.gov/airports_airtraffic/airports/environmental/airport_noise/part_150/states/.

Issued in Orlando, FL, on April 7, 2014.

Bart Vernace,

P.E., Manager, Orlando Airports District Office.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of a Non-Aeronautical Land-Use Change Effecting the Quitclaim Deed and Federal Grant Assurance Obligations at A.B. Won Pat Guam International Airport, Tamuning, Guam

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of a Non-Aeronautical Land-Use Change.

SUMMARY: The Federal Aviation Administration (FAA) proposes to rule and invites public comment on the application for a non-aeronautical land-use change of approximately 23.06 acres of airport property at A.B. Won Pat Guam International Airport, Tamuning, Guam from the aeronautical use provisions of the Quitclaim Deed and Grant Agreement Assurances since the land is not needed for the purpose for which it was conveyed. The property will be used to grant an easement to the Government of Guam for the construction of a roadway in exchange for which the Airport Authority will be fairly compensated. The project will improve traffic flow and better utilize the airport property to enhance transportation at and around the airport. The use of the land for a roadway represents a compatible land use that will not interfere with the airport or its operation, thereby protecting the interests of civil aviation.

DATES: Comments must be received on or before May 12, 2014.

FOR FURTHER INFORMATION CONTACT:

Comments on the request may be mailed or delivered to the FAA at the following address. Mr. Gordon Wong, Lead Program Manager, **Federal Register** Comment, Federal Aviation Administration, Honolulu Airports District Office, P.O. Box 50244, Honolulu, HI 96850-0001. In addition,

one copy of the comment submitted to the FAA must be mailed or delivered to Mr. Charles H. Ada II, Executive Director, Federal Register Comment, A. B. Won Pat Guam International Airport Authority, P.O. Box 8770, Tamuning, Guam 96931.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 10-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the DOT Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

The following is a brief overview of the request:

The Guam International Airport Authority (GIAA) requested a modification of the conditions in the Quitclaim Deed and Grant Agreement Assurances to permit non-aeronautical use of approximately 23.06 acres of land at A.B. Won Pat Guam International Airport, Tamuning, Guam to grant a roadway easement. The property subject to the easement is located northeast of the airfield and extends to the west side of the airport. The Government of Guam will be granted an easement to permit construction of the Tiyan Parkway along airport land that is not presently fully developed using local government and federal highway financing. The first phase of the project will provide an arterial roadway connection between Routes 8 and 10A that will improve airport access, create more efficient surface transportation to and from the airport, and ease traffic congestion around the airport. In addition, it will also permit Central Avenue to be permanently closed to eliminate the street's encroachment into the airport Runway Protection Zone. The second phase of the project will extend the Parkway eastward and occupy both on-airport and off-airport land. Phase 2 will proceed after funding and off-airport land is acquired for the additional right of way. The extended easement will not be granted until Phase 2 is actually begun. The Airport Authority will receive fair compensation for the easement, which will be devoted to airport purposes. Use of the land for the Tiyan Parkway is a compatible land use that will not interfere with or impede the operations and development of the airport. Based on the benefits of fair compensation and improved traffic circulation, the interests of civil aviation will be properly served.

Issued in Hawthorne, California, on April 3, 2014.

Steven Oetzell,

*Acting Manager, Safety and Standards
Branch, Airports Division, Western-Pacific
Region.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2014-0055]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel Burning Daylight II; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before May 12, 2014.

ADDRESSES: Comments should refer to docket number MARAD-2014-0055. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Linda Williams, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-0903, Email Linda.Williams@dot.gov.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended

service of the vessel BURNING DAYLIGHT II is:

Intended Commercial Use of Vessel: "Carrying passengers"

Geographic Region: "California"

The complete application is given in DOT docket MARAD-2014-0055 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

Privacy Act

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78).

By Order of the Maritime Administrator.

Dated: April 7, 2014.

Julie P. Agarwal,

Secretary, Maritime Administration.
