SUPPLEMENTARY INFORMATION:

Title: RD 1924-A, "Planning and Performing Construction and Other Development".

OMB Number: 0575-0042.

Expiration Date of Approval: October 31, 2003.

Type of Request: Extension of a currently approved information collection.

Abstract: The information collection under OMB Number 0575-0042 enables the Agencies to effectively administer the policies, methods, and responsibilities in the planning and performing of construction and other development work for the related construction programs.

Section 501 of Title V of the Housing Act of 1949, as amended, authorizes the Secretary of Agriculture to extend financial assistance to construct, improve, repair, replace, or rehabilitate dwellings; farm buildings; and/or related facilities to provide decent, safe, and sanitary living conditions and adequate farm buildings and other structures in rural areas.

Section 506 of the act requires that all new buildings and repairs shall be constructed in accordance with plans and specifications as required by the Secretary and that such construction be supervised and inspected.

Section 509 of the act grants the Secretary the power to determine and prescribe the standards of adequate farm housing and other buildings. The Housing and Urban-Rural Recovery Act of 1983 amended section 509 (a) and section 515 to require residential buildings and related facilities comply with the standards prescribed by the Secretary of Agriculture, the Secretary of Housing and Urban Development, or in any of the nationally recognized model building codes.

Similar authorizations are contained in sections 303, 304, 306, and 339 of the Consolidated Farm and Rural Development Act, as amended.

In several sections of both acts, loan limitations are established as percentages of development cost, requiring careful monitoring of those costs. Also, the Secretary is authorized to prescribe regulations to ensure that Federal funds are not wasted or

dissipated and that construction will be undertaken economically and will not be of elaborate or extravagant design or materials.

Other information collection is required to conform to numerous Public Laws applying to all Federal agencies, such as: Civil Rights Acts of 1964 and 1968, Davis-Bacon Act, Historic Preservation Act, Environmental Policy Act; and to conform to Executive Orders governing use of Federal funds. This information is cleared through the appropriate enforcing Agency or other executive Department.

The Agencies provide forms and/or guidelines to assist in the collection and submission of information; however, most of the information may be collected and submitted in the form and content which is accepted and typically used in normal conduct of planning and performing development work in private industry when a private lender is financing the activity. The information is usually submitted via hand delivery or U.S. Postal Service to the appropriate Agency office.

The information is used by the Agencies to determine whether a loan/grant can be approved, to ensure that the Agency has adequate security for the loans financed, to provide for sound construction and development work, and to determine that the requirements of the applicable acts have been met. The information is also used to monitor compliance with the terms and conditions of the Agencies' loan/grant programs and to monitor the prudent use of Federal funds.

If the information were not collected and submitted, the Agencies would not have control over the type and quality of construction and development work planned and performed with Federal funds. The Agencies would not be assured that the security provided for loans is adequate, nor would the Agencies be certain that decent, safe, and sanitary dwelling or other adequate structures were being provided to rural residents as required by the different acts.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .33 hours per response.

Estimated Number of Respondents: 25,340.

Estimated Number of Responses per Respondent: 12.00.

Rural Housing Service

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: The Rural Housing Service, USDA.

ACTION: Proposed collection; comments requested.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this

notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of the program for Prepayment and Displacement Prevention of Multiple Family Housing Loans.

DATES: Comments on this notice must be received by August 4, 2003, to be assured of consideration.

FOR FURTHER INFORMATION CONTACT:

Cynthia Reese-Foxworth, Senior Loan Officer, Office of Rural Housing Preservation, Multi-Family Housing Portfolio Management Division, Rural Housing Service, U.S. Department of Agriculture, Ag Box 0782, Washington, DC 20250, Telephone (202) 720-1940.

SUPPLEMENTARY INFORMATION:

Title: 7 CFR 1965-E, "Prepayment and Displacement Prevention of Multiple Family Housing Loans."

OMB Number: 0575-0155.

Expiration Date of Approval: October 31, 2003.

Type of Request: Extension of a currently approved information collection.

Abstract: The rural Housing Service (RHS) is authorized under section 514, 515, 516 and 521 of Title V of the Housing Act of 1949, as amended, to provide loans and grants to eligible recipients for the development of rural rental housing. Such multiple family housing projects are intended to meet the housing needs of persons or families have with low-to moderate-incomes, senior citizens, the handicapped, and domestic farm laborers.

RHS has the responsibility of assuring the public that the housing projects financed are owned and operated as mandated by Congress. RD Instruction 1965-E was issued to insure proper servicing actions are accomplished for projects financed with multiple family housing loan and grant funds. Minimal requirements have been established as deemed necessary to assure that applicable laws and authorities are carried out as intended and to improve the Agency's ability to assure the continued availability of the facilities financed under RHS multiple housing programs to eligible users.

Without the provisions of this regulation, RHS would be unable to provide the necessary guidance to the RHS field staff to assist borrowers in processing servicing actions affecting their projects. RHS also would not be able to quickly respond to servicing requests from borrowers, initiate servicing actions or establish a uniform procedure for processing such requests from borrowers. RHS must be able to assure Congress and the general public

that all projects financed with multiple family housing funds will be maintained for the purposes for which they are intended and for the benefit of those they are mandated to serve.

The Housing and Community Development Act of 1987 required that rural rental housing borrowers wishing to prepay their RHS financed loans must be offered a fair incentive to not prepay the loan when RHS makes the decision that the housing continues to be needed to serve low- and moderate-income tenants. If the borrower rejects the incentive, the housing must be offered for sale to a non-profit organization or public agency. Prepayment can only be accepted if RHS decides there is no need for the housing or if no nonprofit organization or public agency can be found to purchase the project at fair market value.

The information required is collected on a project-by-project basis and is in accordance with the Housing Act of 1949, as amended, so that RHS can provide guidance and be assured of compliance with the terms and conditions of loan, grant, and subsidy agreements.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.6 hours per response.

Respondents: Individuals or households, State or local governments, farms, businesses or other for-profits, non-profit institutions, existing borrowers, transferors and/or transferees.

Estimated Number of Respondents: 800.

Estimated Number of Responses per Respondent: 1.15.

Estimated Total Annual Burden on Respondents: 587 hours.

Copies of this information collection can be obtained from Brigitte Sumter, Regulations and Paperwork Management Branch, Support Services Division, Branch, at (202) 692-0042.
