SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Gear Certification Standard information collection. Applicants use Form OSHA-70 in order to seek OSHA accreditation to be able to test or examine certain equipment and material handling devices, as required under the OSHA maritime regulations, 29 CFR part 1917 (Marine Terminals) and 29 CFR part 1918 (Longshoring). The OSHA uses this information to accredit companies to inspect and provide certification for cranes, derricks, and accessory gear used in the longshoring, marine terminal, and shipyard industries. Certain types of vessel cargo gear and shore-based material handling devices used in maritime operations are required to have accredited companies conduct examinations. The accredited company either issues a certificate to the owner that the piece of equipment has passed the examination or issues a certificate to the owner of any deficiency found during the examination. The owner is responsible for maintaining a copy of the certification record. The Occupational Safety and Health Act and Longshore and Harbor Workers Compensation Act authorize this information collection. See 29 U.S.C. 651, 653, 655, 657; 33 U.S.C. 18.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0003.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on May 31, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 24, 2014 (79 FR 4182).
