DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Medicare and Medicaid Services****[Document Identifier: CMS-10057]****Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)**

AGENCY: Center for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with an initiative of the Administration. We cannot reasonably comply with the normal clearance procedures because of an unanticipated event and possible public harm.

This document involves CMS initiatives pertaining to family or individual directed community services. To obtain CMS approval, two application methods are offered to enable States to implement the self-directed model. (1) Under section 1915(c) of the Social Security Act, states are allowed to submit a request to the Secretary of Health and Human Services to waive Medicaid requirements to allow provision of home and community-based services as an alternative to Medicaid funded institutional care. (2) Under section 1115 of the Social Security Act, states are allowed to submit a request to the Secretary of Health and Human Services to waive Medicaid requirements for the purpose of an experimental, pilot, or demonstration project which promotes the objective of the Medicaid program. States may select whichever method will be appropriate to the unique design of their specific program.

Independence Plus: A Demonstration Program for Family or Individual Directed Community Services Template Applications facilitate States' provision of self-directed supports and services and promotes DHHS' goals of increasing access to medically necessary services. By using a template, a State will potentially save a great deal of time in applying and be able to provide the services earlier.

CMS is requesting OMB review and approval of this collection by May 22, 2002, with a 180-day approval period. Written comments and recommendation will be accepted from the public if received by the individuals designated below by May 20, 2002.
