SUPPLEMENTARY INFORMATION: McCoy Solar, LLC, filed a ROW application for the MSEP. The project as originally proposed would have consisted of an up to 750-megawatt photovoltaic solar energy generation facility and necessary ancillary facilities. The proposed project included a 4,437-acre solar plant site and a 14.5-mile generation tie line (Eastern Route), access roads, a distribution line, and a 2-acre switch yard (total linear disturbance is 146 acres, for a total project area of 4,583 acres) to be located adjacent to and connect into Southern California Edison's Colorado River Substation. The proposed project would require approximately 477 acres of private lands. The project site is 13 miles northwest of Blythe, California and 32 miles east of Desert Center.

The Preferred Alternative identified in the Final Environmental Impact Statement (EIS) is the proposed 4,437-acre solar plant site, a reconfigured 12.5-mile gen-tie and access road (Central Route), and the switch yard interconnection (total linear disturbance of 136 acres) to the Colorado River Substation.

The project site is in the California Desert District within the planning boundary of the CDCA Plan, which is the applicable resource management plan (RMP) for the project site and surrounding areas. The CDCA Plan, while recognizing the potential compatibility of solar energy generation facilities with other uses on public lands, requires that all sites associated with power generation or transmission not already identified in the Plan be considered through the BLM's land use plan amendment process. As a result, prior to approval of a ROW grant for the MSEP, the BLM must amend the CDCA Plan to allow the solar energy generating project on that site. The approved Amendment to the CDCA Plan specifically revises the CDCA Plan to allow for the development of the MSEP and ancillary facilities on land managed

by the BLM. With respect to the plan amendment, the publication of the Notice of Availability of the Proposed Plan Amendment/Final EIS for the MSEP on December 21, 2012, initiated a 30-day protest period for the proposed amendment to the CDCA Plan which concluded on January 22, 2013. The BLM received two timely and complete written protests which were resolved prior to the execution of the ROD. Their resolution is summarized in the Director's Protest Summary Report attached to the ROD. The proposed amendment to the CDCA Plan was not modified as a result of the protests received or their resolution.

Simultaneously with the protest period, the Governor of California conducted an expedited 30-day consistency review of the proposed CDCA Plan amendment to identify any inconsistencies with State or local plans, policies or programs; no inconsistencies were identified by the Governor's Office.

Because this decision is approved by the Secretary of the Interior, it is not subject to administrative appeal (43 CFR 4.410(a)(3)).

Authority: 40 CFR 1506.6.

BILLING CODE 4312-51-P

DEPARTMENT OF JUSTICE

**Notice of Lodging of Revised Second
Agreement and Order Regarding
Modification of the Consent Decree
Under the Clean Water Act**

On March 18, 2013, the Department of
Justice lodged a proposed Revised
Second Agreement and Order Regarding

Modification of the Consent Decree
("Revised Second Consent Decree
Modification") with the United States
District Court for the Middle District of
Louisiana in the lawsuit entitled *United
States and the State of Louisiana v. City
of Baton Rouge and Parish of East Baton
Rouge*, Civil Action No. No. 3:01-cv-
00978-BAJ-SCR.

This action was originally filed in
2001 by the United States and the State
of Louisiana under Clean Water Act
("CWA") Section 301, 33 U.S.C. 1311,
seeking civil penalties and injunctive
relief for violations related to the
publically owned treatment works
owned and operated by the City of
Baton Rouge and the Parish of East
Baton Rouge (collectively "the City/
Parish"). On March 14, 2002, the Court
entered a Consent Decree resolving all
claims in the Complaint ("the 2002
Consent Decree"). Among other
requirements, the 2002 Consent Decree
required the City/Parish to complete
implementation by January 1, 2015 of a
project to improve its sewage collection
system including addressing
Unauthorized Discharges such as
sanitary sewer overflows. Under the
proposed Revised Second Consent
Decree Modification, the deadline
would be extended to December 31,
2018 and the City/Parish would
implement additional work including
installation of a supervisory control and
data acquisition system and installation
of emergency generators at over 400
pump stations used in the sewage
collection system.

The publication of this notice opens
a period for public comment on the
Revised Second Consent Decree
Modification. Comments should be
addressed to the Assistant Attorney
General, Environment and Natural
Resources Division, and should refer to
United States v. City of Baton Rouge,
D.J. Ref. No. 90-5-1-1-2769/1. All
comments must be submitted no later
than thirty (30) days after the
publication date of this notice.
Comments may be submitted either by
email or by mail:
