SUPPLEMENTARY INFORMATION:

Title of the Program Seeking Information Collection: Environmental Review Improvement Fund Tribal Assistance Program (ERIF TAP).

Type of Review: New Information Collection Request (ICR).

Background: Established in 2015 by title 41 of the Fixing America’s Surface Transportation Act (FAST–41), 42 U.S.C. 4370m *et seq.*, the Permitting Council is a unique Federal agency charged with improving the transparency and predictability of the Federal environmental review and authorization process for certain infrastructure projects. The Permitting Council is comprised of the Permitting Council Executive Director, who serves as the Council Chair; 13 Federal agency Council members (including deputy secretary-level designees of the Secretaries of Agriculture, Army, Commerce, Interior, Energy, Transportation, Defense, Homeland Security, and Housing and Urban Development, the Administrator of the Environmental Protection Agency, and the Chairs of the Federal Energy Regulatory Commission, Nuclear Regulatory Commission, and the Advisory Council on Historic Preservation); and the Chair of the Council on Environmental Quality and the Director of the OMB. 42 U.S.C. 4370m–1(a) & (b).

The Permitting Council coordinates Federal environmental reviews¹ and authorizations² for projects that seek

and qualify for FAST–41 coverage. FAST–41 covered projects are entitled to comprehensive permitting timetables and transparent, collaborative management of those timetables on the Federal Permitting Dashboard in compliance with FAST–41 procedural requirements. 42 U.S.C. 4370m–2(c) & (d). Sponsors of FAST–41 covered projects also benefit from the direct engagement of the Permitting Council Executive Director and the Permitting Council members in timely identification and resolution of permitting issues that affect covered projects’ permitting timetables.

The Permitting Council Executive Director, with the approval of the OMB Director, also may transfer funds from the Environmental Review and Improvement Fund (ERIF) to Federal agencies and state, local, and tribal governments to make the environmental review and authorization process for FAST–41 covered projects more timely and efficient. 42 U.S.C. 4370m–8(d)(3). Executive Director has established the ERIF Tribal Assistance Program (TAP) to facilitate the distribution of ERIF funds to Tribal governments pursuant to this authority.

This collection is necessary for administration of the ERIF TAP in accordance with 42 U.S.C. 4370m–8(d)(3). The Executive Director seeks public comment on the application form that the Executive Director would use to collect information from Tribal governments that seek ERIF TAP funding. The form will be used by the Executive Director to evaluate the eligibility of each Tribal government applicant, and determine whether, the circumstances under which, and the amount of any ERIF funds that may be transferred to a Tribal government applicant pursuant to 42 U.S.C. 4370m–2(d)(3). Seeking ERIF funds under the ERIF TAP is voluntary with each Tribal government. The application form is planned as a one-time information collection per applicant. The Permitting Council estimates that it will take approximately 40 hours to complete the application form for ERIF TAP funds.

Respondents: Federally-recognized Indian Tribe consulting on or engaged in the Federal environmental review and authorization process (e.g., through the National Environmental Policy Act or Section 106 of the National Historic Preservation Act) for one or more FAST–41 covered projects that are

administered by a Federal agency or, in the case of a State that chooses to participate in the environmental review and authorization process in accordance with [42 U.S.C.] 4370m–2(c)(3)(A) . . . , a State agency”).

posted on the Permitting Dashboard at the time of submission.

Frequency: One time per grant application.

Application: To be considered to receive ERIF TAP funds, an eligible Tribal government must submit a completed application form to the Permitting Council Executive Director that contains the information required in the Application Instructions. At a minimum, the applicant must include contact information, the amount of funding requested, what will be accomplished with the funding (*i.e.*, activities and funding level per activity), which FAST–41 covered projects the applicant is consulting on or engaged in, and how the funded activities will result in more timely and efficient environmental review and authorization of those FAST–41 covered projects. The application should include the information necessary for the Permitting Council Executive Director to determine that the project and proposal satisfies eligibility requirements.

Completed application forms must be submitted to the Executive Director through ERIF@fpisc.gov. Instructions for submitting applications can be found at <https://www.permits.performance.gov/fpisc-content/erif-tribal-assistance-program>.
