

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,¹⁰ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed rule change to eliminate the Rebate from the Fee Schedule is reasonable because this program is underutilized and has generally not incentivized Floor Broker organizations to bring liquidity and increase billable manual executions on the Exchange. The Exchange believes eliminating an underutilized incentive program would simplify the Fee Schedule. The Exchange believes that eliminating the Rebate program from the Fee Schedule is equitable and not unfairly discriminatory because the program would be eliminated in its entirety and would no longer be available to any Floor Broker organization.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act, the Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, as discussed above, the Exchange believes that the proposed elimination of the Rebate program from the Fee Schedule would not affect intramarket or intermarket competition because the Rebate has not incentivized Floor Broker organizations to add liquidity or increase billable manual executions on the Exchange. Because only those Floor Brokers that met a minimum monthly volume were eligible to earn the Rebate, the proposed elimination of the Rebate would remove a potential burden on competition in that it would level the playing field for all Floor Broker firms operating on the Exchange.

The Exchange operates in a highly competitive market in which market participants can readily favor one of the 16 competing option exchanges. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and to attract order flow to the Exchange. The Exchange believes

that the proposed rule change reflects this competitive environment because it removes an underutilized Rebate that did not achieve its intended purpose of attracting order flow.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹¹ of the Act and subparagraph (f)(2) of Rule 19b-4¹² thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.
