## GENERAL SERVICES ADMINISTRATION

[Notice-PBS–2020–09; Docket No. 2020–  
0002; Sequence No. 39]

### Record of Decision of the Supplemental Environmental Impact Statement for the Proposed Master Plan Amendment 2 of the Consolidation of the U.S. Department of Homeland Security Headquarters at the St. Elizabeths West Campus

**AGENCY:** Public Buildings Service,  
National Capital Region, General  
Services Administration (GSA).

**ACTION:** Notice.

**SUMMARY:** GSA issued a Record of  
Decision (ROD) for the 2020 Master Plan  
Amendment 2 for the Consolidation of  
the U.S. Department of Homeland  
Security (DHS) at the St. Elizabeths  
West Campus, located in Southeast,  
Washington, DC, on October 9, 2020.  
The ROD was prepared in accordance  
with the National Environmental Policy  
Act (NEPA) of 1969, the Council on  
Environmental Quality Regulations, and  
the GSA Public Buildings Service NEPA  
Desk Guide.

**DATES:** *Applicable:* Friday, October 9,  
2020.

**ADDRESSES:** The ROD can be found on  
GSA's project website at [www.gsa.gov/ncrnepea](http://www.gsa.gov/ncrnepea).

**FOR FURTHER INFORMATION CONTACT:** Paul  
Gyamfi, GSA, National Capital Region,  
Public Buildings Service, Office of  
Planning and Design Quality, at 202–  
440–3405, or by email at [paul.gyamfi@gsa.gov](mailto:paul.gyamfi@gsa.gov).

## SUPPLEMENTARY INFORMATION:

### Background

One of the principal missions of GSA  
is to provide secure office space for  
Federal agencies throughout the United  
States, including the Washington, DC,  
metropolitan area. GSA obtained control  
of the St. Elizabeths West Campus in  
Southeast, Washington, DC, in 2004, in  
anticipation of meeting a portion of the  
need for secure Federal office space in  
the National Capital Region (NCR). On  
June 7, 2005, GSA published a Notice of  
Intent (NOI), and on June 28, 2007, a  
revised NOI, to prepare an  
Environmental Impact Statement (EIS)  
in compliance with the National  
Environmental Policy Act of 1969  
(NEPA) for the proposed redevelopment  
of the St. Elizabeths West Campus.

GSA issued a Record of Decision  
(ROD) for the 2008 Final Master Plan  
EIS on December 16, 2008, selecting the  
alternative that consolidated 4.5 million  
gross square feet of secure office and  
shared-use space and associated parking  
on both the West and East Campuses at  
St. Elizabeths. As part of the 2008 Final  
Master Plan EIS for this action, GSA  
also assessed, on a programmatic level,  
the impacts of constructing 750,000  
gross square feet of office space and  
associated parking on the St. Elizabeths  
East Campus. GSA noted in its ROD that  
an EIS tiered to the 2008 Final Master  
Plan EIS would be prepared for the East  
Campus.

On November 19, 2018, GSA  
published an NOI to prepare an EIS for  
St. Elizabeths Master Plan Amendment  
2, which eliminates development on the  
East Campus and re-evaluates  
development on the St. Elizabeths West  
Campus to accommodate 4.1 million  
gross square feet of secure office and  
shared-use space, and 1.6 million gross  
square feet of associated parking, for the  
DHS Headquarters consolidation. The  
Master Plan Amendment 2 Draft SEIS  
was issued for a 70-day public comment  
period on May 8, 2020 and the Master  
Plan Amendment 2 Final SEIS was  
issued for a 30-day public review on  
August 28, 2020.

Comments received during public  
review of the Master Plan Amendment  
2 Final EIS are provided in Appendix A  
along with GSA's responses

### Preferred Alternative

GSA has chosen to implement  
Alternative B as defined in the Master  
Plan Amendment 2 Final Environmental  
Impact Statement (EIS), issued August  
2020. This decision is based on analyses  
contained in the Master Plan  
Amendment 2 Draft EIS issued in May  
2020, the Master Plan Amendment 2

Final EIS issued in August 2020, the  
Programmatic Agreement executed in  
December 2008, the Memorandum of  
Agreement executed on September 29,  
2020, and the comments of Federal and  
state agencies, stakeholder  
organizations, members of the public,  
and elected officials.

Alternative B includes the addition of  
1.2 million gross square feet of office  
space in two separate office structures  
organized around two enclosed  
courtyards on the plateau site at the  
West Campus. The new office buildings  
will range from three to eight stories,  
and the largest part of the structures will  
have an east-west orientation to  
optimize the use of daylight. The  
courtyards will be secured to provide  
open space for building occupants.  
Building B1 will be stepped down into  
the ravine near Building 56/57 to  
stabilize the slope in that area. Building  
56/57 will be integrated into the design  
of Building B1 to provide a connection  
between the historic and new  
construction. Buildings 52 and 64 will  
be retained, rehabilitated, and  
adaptively reused.

Alternative B also includes the  
addition of 175,000 gross square feet of  
office space on the Sweetgum Lane site  
(proposed Building C1), organized into  
primarily below-grade construction,  
with one two-story building constructed  
to mirror the northwest corner of the  
Munro Building. The building would  
include up to three below-grade levels,  
which would take advantage of the site  
slope from east to west, allowing the  
western edge of the building to receive  
daylight. A central courtyard would  
provide internal daylighting.

Alternative B will also consist of the  
following:

- An additional 1,014 employee  
parking spaces added to the previously  
proposed underground parking garages  
at Gates 1 and 2 on the east side of the  
West Campus;
- Demolition of Buildings 60, 66, 67,  
68, and 69, which total 65,295 gross  
square feet of space, at the plateau site;
- Demolition of Building 15, which  
totals 2,749 gross square feet of space,  
at the Sweetgum Lane site;
- Sidewalks and walkways, including  
enhanced pedestrian connections at the  
ravine;
- Engineering for stabilization of  
steep slopes, including building  
foundations;
- Realignment of site drainages and  
incorporation of landscaping and  
stormwater management;
- Shuttle bus drop-off locations;
- Shipping/receiving areas for  
buildings;
