

p.m., and on March 11, 2020, from 9 a.m. to 12 p.m., Alaska Daylight Time.
ADDRESSES: The meeting will be held virtually.

FOR FURTHER INFORMATION CONTACT: Joseph Krieger, 907-586-7650.

SUPPLEMENTARY INFORMATION: The Alaska Groundfish and Halibut Seabird Working Group formed as a result of the 2015 biological opinion on effects of the Fishery Management Plans for the Gulf of Alaska and Bering Sea/Aleutian Islands groundfish fisheries on short-tailed albatross.¹ The working group is tasked with reviewing information for mitigating effects of the groundfish and halibut fisheries on short-tailed albatross and other seabirds. The workgroup will hold a virtual meeting March 10 and 11, 2021. Meeting topics include seabird/fisheries interactions (vessel collisions), development of an Alaska coordinated strategic plan for reporting and monitoring fisheries interactions with birds listed under the Endangered Species Act, and update on whether or not the short-tailed albatross is actually two distinct species. For participation information and meeting agenda, please contact Joseph Krieger (joseph.krieger@noaa.gov).

NMFS will keep the North Pacific Fisheries Management Council (Council) apprised of the working group's activities and any resulting recommendations for methods to reduce seabird bycatch. Any changes to seabird avoidance regulations are expected to follow the standard Council process.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Joseph Krieger, 907-586-7650, at least 5 working days prior to the meeting date.

Dated: February 17, 2021.

DEPARTMENT OF DEFENSE

Department of the Navy

[Docket ID: USN-2021-HQ-0002]

Privacy Act of 1974; System of Records

AGENCY: United States Marine Corps (USMC), Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: The Department of the Navy is establishing a new System of Records entitled the Command Individual Risk and Resiliency System (CIRRAS) application. The CIRRAS application will be used by the USMC to enable Commanding Officers and Senior Enlisted Advisors to make informed and timely decisions on Force Preservation Risk Assessments, to optimize individual/unit readiness, and to facilitate enterprise-wide risk management. Individual data will assist commanders by quickly identifying those Marines or Service Members requiring immediate command attention. Trend analysis will assist USMC commanders to implement mitigation strategies to improve overall individual/unit readiness. These records will also be used as a management tool for statistical analysis, tracking, reporting, evaluating program effectiveness, and conducting research.

DATES: This new system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before March 24, 2021. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal Rulemaking Portal:* <https://www.regulations.gov>.

Follow the instructions for submitting comments.

- *Mail:* DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these

submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT:

Sally A. Hughes, FOIA/PA Program Manager (ARSF), Headquarters, U.S. Marine Corps, 3000 Marine Corps Pentagon, Washington, DC 20350–3000, telephone (703) 614–4008.

SUPPLEMENTARY INFORMATION: The “Marine Corps Risk and Resiliency Records” system of records is being established by the USMC to support Force Preservation Risk Assessments. The Marine Corps force preservation process is the formalized method used by commanders to identify individual Marine risk factors and to apply holistic risk management measures to improve individual and unit readiness. Every day, this process assists leaders across the Corps to identify those in need. However, gaps in knowledge have historically limited the effectiveness of the effort. To improve the process, the USMC is developing the CIRRAS application, which compiles individual force preservation data input by small unit leaders, medical officers, and other support staff. By presenting timely, prioritized, actionable information to those who can help Marines, and by protecting unauthorized disclosure through strict access limits and cybersecurity, leaders will be better equipped to reduce destructive behaviors in their units.

Force Preservation Risk Assessments are based on the identification and tracking of individual Service Member behaviors associated with increased risk or resiliency as defined by the Commandant’s “Six Fs,” as defined in Marine Corps Order 1500.61, 28 July 2017. The Six Fs are Fidelity, Fighter, Fitness, Family, Finances and Future. Force Preservation Risk Assessments include critical stressors that are environmental factors or experiences that can overtax a Service Member’s coping resources. The intensity or accumulation of multiple stressors is linked to a greater likelihood of harmful reactions including death by suicide. The CIRRAS application is a networked, web-based application that captures risk, resiliency and critical stressor factors for all United States Marines and United States Armed Forces Service Members assigned to the USMC to provide Force Preservation information to the unit commander. The CIRRAS will directly support Commanders/Officers in Charge and Senior Enlisted Advisors by providing a tool to enable

proactive identification and assessment of individual Marines’ or Service Members’ risk, resiliency, and critical stressor factors. Also, the system will allow the transfer of the same factors between commands in order to optimize individual/unit readiness and facilitate enterprise-wide risk management of individual Marines’ risk status. The CIRRAS will be used by Regimental/Group Commanders through immediate supervisors (Platoon Commander/Officers in Charge) of all United States Marines and United States Armed Forces Service Members assigned to the USMC in accordance with Marine Corps Order 5100.29B, Marine Corps Safety Program; MCO 1500.60, Force Preservation Council (FPC) Program; and other Force Preservation Directives.

The DoD notices for systems of records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and Transparency Division website at <https://dpcl.d.defense.gov>.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A–108, the DoD has provided a report of this system of records to the OMB and to Congress.

Dated: February 10, 2021.

Kayyonne T. Marston,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

SYSTEM NAME AND NUMBER:

Marine Corps Risk and Resiliency Records, M05230–1.

RECORD SOURCE CATEGORIES:

Records and information stored in this system of records are obtained from: Service Individuals, Service Member's first-line leader, command staff, commanding officer, small unit leaders, medical officers, other support staff, and their assigned Force Preservation Council Members as well as authoritative data from Marine Corps Total Force System (MCTFS). Future iterations of the system may also include information from Department of Defense Tricare Pharmacy Tracking,

Defense Enrollment Eligibility Reporting System, Marine Corps Recruiting Information Support System, Armed Forces Health Longitudinal Technology Application/GENESIS, and Manpower and Reserve Affairs Marine and Family Programs.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act of 1974, as amended, the records contained herein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

a. To contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the federal government when necessary to accomplish an agency function related to this system of records.

b. To the appropriate Federal, State, local, territorial, tribal, foreign, or international law enforcement authority or other appropriate entity where a record, either alone or in conjunction with other information, indicates a violation or potential violation of law, whether criminal, civil, or regulatory in nature.

c. To any component of the Department of Justice for the purpose of representing the DoD, or its components, officers, employees, or members in pending or potential litigation to which the record is pertinent.

d. In an appropriate proceeding before a court, grand jury, or administrative or adjudicative body or official, when the DoD or other Agency representing the DoD determines that the records are relevant and necessary to the proceeding; or in an appropriate proceeding before an administrative or adjudicative body when the adjudicator determines the records to be relevant to the proceeding.

e. To the National Archives and Records Administration for the purpose of records management inspections conducted under the authority of 44 U.S.C. 2904 and 2906.

f. To a Member of Congress or staff acting upon the Member's behalf when the Member or staff requests the information on behalf of, and at the request of, the individual who is the subject of the record.

g. To appropriate agencies, entities, and persons when (1) the DoD suspects or confirms a breach of the system of records; (2) the DoD determines as a result of the suspected or confirmed

breach there is a risk of harm to individuals, the DoD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the DoD's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

h. To another Federal agency or Federal entity, when the DoD determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

i. To such recipients and under such circumstances and procedures as are mandated by Federal statute or treaty.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Records in this system are stored in electronic format in accordance with the safeguards mentioned below.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records may be retrieved by name or EDIPI/DoD ID number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are permanent and maintained by USMC for 25 years, then transferred to the National Archives and Records Administration.

ADMINISTRATIVE, PHYSICAL, AND TECHNICAL SAFEGUARDS:

Access is limited to authorized personnel with a need to know to perform their official assigned responsibilities. Users are granted only those privileges that are necessary for their job requirements. Access is controlled through use of Common Access Cards, DoD Public Key Infrastructure certificates, user identification and passwords, firewall, and role-based access controls. Personally Identifiable Information (PII) and Health Insurance Portability and Accountability Act (HIPAA) training is required for all users. Physical access to AWS data centers is logged and monitored. The physical access points to server rooms are monitored using Closed Circuit Television Camera (CCTV). Physical access is controlled at building ingress points by professional

security staff utilizing surveillance, detection systems, and other electronic means. Authorized staff utilize multi-factor authentication mechanisms to access and exit data centers and server rooms. Entrances to server rooms are secured with devices that sound alarms to initiate an incident response if the door is forced or held open. Electronic intrusion detection systems are installed within the data layer to monitor, detect, and automatically alert appropriate personnel of security incidents. Data at Rest Encryption and Risk Management Framework security controls, which include security controls for the PII and Protected Health Information (PHI) overlays, are utilized.

RECORDS ACCESS PROCEDURES:

Individuals seeking access to information about themselves contained in this system of records should address written requests to the commanding officer where assigned or to the system manager at Headquarters Marine Corps, Manpower & Reserve Affairs (M&RA), Marine & Family Programs (MF) Division, 3280 Russell Rd., Quantico, VA 22134–5143, 4th Deck. Signed, written requests should include the individual's full name, EDIPI/DoD ID number, telephone number, street address, email address, and name and number of this System of Records Notice (SORN). In addition, the requestor must provide either a notarized statement or a declaration made in accordance with 28 U.S.C. 1746, in the appropriate format:

If executed outside the United States: "I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)."

If executed within the United States, its territories, possessions, or commonwealths: "I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)."

CONTESTING RECORD PROCEDURES:

The DoD rules for accessing records, contesting contents, and appealing initial agency determinations are contained in 32 CFR part 310, or may be obtained from the system manager.

NOTIFICATION PROCEDURES:

Individuals seeking to determine if information about themselves is contained in this system should address written requests to the commanding officer where assigned or to the system manager at Headquarters Marine Corps, Manpower & Reserve Affairs (M&RA), Marine & Family Programs (MF)

Division, 3280 Russell Rd., Quantico, VA 22134–5143, 4th Deck. Signed written requests should include the individual's full name, telephone number, street address, email address, and name and number of this SORN. In addition, the requestor must provide either a notarized statement or a declaration made in accordance with 28 U.S.C. 1746, using the following format:

If executed outside the United States: "I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)."

If executed within the United States, its territories, possessions, or commonwealths: "I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)."

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The NPD program, authorized by sections 3111(c)(1)(C) and 3131 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), awards grants on a competitive basis, for a period of not more than five years, to institutions of higher education (IHEs) or public or private entities with relevant experience and capacity, in consortia with State educational agencies (SEAs) or local educational agencies (LEAs). The purpose of these grants is to provide professional development activities that will improve classroom instruction for English learners (ELs) and assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve ELs.

Grants awarded under this program may be used—

(1) For effective pre-service or in-service professional development programs that will improve the qualifications and skills of educational personnel involved in the education of ELs, including personnel who are not certified or licensed and educational paraprofessionals, and for other activities to increase teacher and school leader effectiveness in meeting the needs of ELs;

(2) For the development of program curricula appropriate to the needs of the consortia participants involved;

(3) To support strategies that strengthen and increase parent, family, and community member engagement in the education of ELs;

(4) To develop, share, and disseminate effective practices in the instruction of ELs and in increasing the academic achievement of ELs, including the use of technology-based programs;

(5) In conjunction with other Federal need-based student financial assistance programs, for financial assistance, including costs related to tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet certification or
