ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determinations. As our final determinations are affirmative, the ITC will determine, within 45 days, whether these imports are causing material injury, or threat of material injury, to an industry in the United States. If the ITC determines that material injury, or threat of injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered or withdrawn from warehouse for consumption on or after the effective date of the suspension of liquidation.

These determinations are issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: April 2, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.
