Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: This program supports local efforts to enhance the oral language, cognitive, and early reading skills of preschool age children especially those from low-income families, through strategies, materials, and professional development that are grounded in scientifically based reading research.

The specific activities for which recipients must use grant funds are identified in the program statute, which is included in the application package.

Priorities: This competition includes two (2) invitational priorities and one competitive preference priority.

Under this competition we are particularly interested in applications that address the following invitational priorities.

Invitational Priorities: For FY 2007 these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Intensity. The Secretary is especially interested in preschool programs that operate full-time, full-year early childhood educational programs, at a minimum of 6.5 hours per day, 5 days per week, 46 weeks per year, and that serve children for the two consecutive years prior to their entry into kindergarten.

Scientifically based research on increasing the effectiveness of early childhood education programs serving children from low-income families tells us that children attending such programs that have a greater intensity of service make higher and more persistent gains in the language and cognitive domains than children who attend early childhood programs that have lesser intensity of service. In other words, children who spend more time in high-quality early childhood education programs learn more than children who spend less time in those programs. The purpose of this invitational priority is to encourage preschool programs

supported with Early Reading First funds to provide services that are of a sufficient duration and intensity to maximize language and early literacy gains for children enrolled in those programs.

Invitational Priority 2—English Language Acquisition Plan.

For applicants serving children with limited English proficiency, the Secretary is especially interested in applications that include a specific plan for the development of English language proficiency for these children from the start of their preschool experience. The Early Reading First program is designed to prepare children to enter kindergarten with the necessary cognitive, early language, and literacy skills for success in school. School success often is dependent on each child entering kindergarten as proficient as possible in English so that the child is ready to benefit from formal reading instruction in English when he or she starts school.

Note: The term “limited English proficient” is defined in section 9101(25) of the ESEA (20 U.S.C. 7801(25)). That definition is included in the application package.

An English language acquisition plan should, at a minimum: (1) Include a description of the applicant’s approach to the development of language, based on the linguistic factors or skills that serve as the foundation for a strong language base, which foundation is a necessary precursor for success in the development of pre-literacy and literacy skills for children with limited English proficiency; (2) explain the instructional strategies, based on best available valid and reliable research, that the applicant will use to address English language acquisition in a multi-lingual classroom; (3) describe how the project will facilitate the children’s transition to English proficiency through such means as the use of environmental print in appropriate multiple languages, and hiring bilingual teachers, paraprofessionals, or translators to work in the preschool classroom; (4) include intensive professional development for instructors and paraprofessionals on the development of English language proficiency; and (5) include a timeline that describes benchmarks for the introduction of the development of English language proficiency and use of measurement tools.

Ideally, at least one instructional staff member in each Early Reading First classroom should be dual-language proficient, both in a child’s first language and in English, to facilitate the

children’s understanding of instruction and transition to English proficiency. At a minimum, each classroom should include a teacher who is proficient in English.

Competitive Preference Priority: In accordance with 34 CFR 75.105(b)(2)(ii), this priority is from § 75.225 of the Education Department General Administrative Regulations (EDGAR), which apply to this program (34 CFR 75.225).

Competitive Preference Priority—Novice Applicant

For FY 2007 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award an additional five (5) points to a pre-application and an additional five (5) points to a full application meeting this competitive preference priority.

This priority is:

Novice Applicant. The applicant must be a “novice applicant” as defined in 34 CFR 75.225.

Program Authority: 20 U.S.C. 6371–6376.

Applicable Regulations: EDGAR in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99 as applicable.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grant.

Estimated Available Funds: The Administration has requested \$103,118,000 for this program for FY 2007, of which we anticipate \$102,087,000 would be available for grants awarded under this competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year if Congress appropriates funds for this program.

Estimated Range of Awards:

\$1,500,000–\$4,500,000.

Estimated Average Size of Awards:

\$3,000,000.

Estimated Number of Awards: 23–68.

To qualify under paragraph (b) of this definition, the organization's or agency's application must be on behalf of one or more programs that serve preschool age children (such as a Head Start program, a child care program, or a family literacy program such as Even Start, or a lab school at a university), unless the organization or agency itself operates a preschool program. 6. *Other Submission Requirements*: Pre- and full applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications*.

Pre- and full applications for grants under the Early Reading First program, CFDA Number 84.359A (pre-application) and CFDA Number 84.359B (full application) must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your pre- or full application. You may not e-mail an electronic copy of a grant application to us.

We will reject your pre- or full application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement *and* submit, no later than two weeks before the pre- or full application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the pre- or full application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Early Reading First program at Grants.gov. You must search for the downloadable application package for this program or competition by the CFDA number. Do not include the CFDA number's alpha suffix in your

search (e.g., search for 84.359, not 84.359A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your pre- and full applications must be fully uploaded and submitted, and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the pre- or full application deadline date. Except as otherwise noted in this section, we will not consider your pre- or full application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the pre- or full application deadline date. When we retrieve your pre- or full application from Grants.gov, we will notify you if we are rejecting your pre- or full application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the pre- or full application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the pre- or full application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your pre- and any full application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your pre- or full application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>).

You also must provide on your pre- and full application the same D-U-N-S Number used with this registration.

Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully a pre- or full application via Grants.gov. In addition, you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- You must attach any narrative sections of your pre- and full applications as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic pre- and full applications must comply with any page-limit requirements described in this notice.

- After you electronically submit your pre- or full application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your pre- or full application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your pre- or full application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your pre- or full application on the pre- or full application deadline dates because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your pre- or full application electronically or by hand delivery. You also may mail your pre- and full applications by following the mailing instructions described elsewhere in this notice.

If you submit a pre- or full application after 4:30 p.m., Washington, DC time, on the pre- or full application deadline date, please contact the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your pre- or full application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your pre- or full application by 4:30 p.m., Washington, DC time, on the pre- or full application deadline date. The Department will contact you after a determination is made on whether your pre- or full application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your pre- or full application to Grants.gov before the pre- or full application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your pre- or full application in paper format, if you are unable to submit a pre- or full application through the Grants.gov system because—

- You do not have access to the Internet; or
 - You do not have the capacity to upload large documents to the Grants.gov system;
- and

- No later than two weeks before the pre- or full application deadline date (14 calendar days or, if the fourteenth calendar day before the pre- or full application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your pre- or full application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the pre- or full application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the pre- or full application deadline date.

Address and mail or fax your statement to Pilla Parker, U.S. Department of Education, 400 Maryland Avenue, SW., room 3C136, Washington, DC 20202-6132. Telephone: (202) 260-3710.
