VESI 21 LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of VESI 21 LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is September 28, 2022.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic filing, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all

interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. [Project No. 14797–001]

California Department of Water Resources; Notice of Intent To Prepare an Environmental Assessment

On November 20, 2019, the California Department of Water Resources (California DWR) filed an application for a new major license for the existing 279.7-megawatt Devil Canyon Project (FERC No. 14797).¹ The Devil Canyon Project is part of a larger water storage and delivery system, the State Water Project (SWP). The Devil Canyon Project is located along the East Branch of the SWP Aqueduct, in San Bernardino County, California. The project occupies 220.98 acres of federal lands administered by the U.S. Forest Service, as part of the San Bernardino National Forest.

In accordance with the Commission's regulations, on June 15, 2021, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore,

¹ The proposed Devil Canyon Project is currently licensed as part of the South SWP Hydropower Project (FERC No. 2426). California DWR proposes to relicense the Devil Canyon Project separately.

staff intends to prepare a draft and final Environmental Assessment (EA) on the application to license the Devil Canyon Project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target Date
Commission issues draft EA	April 2023.
Comments on draft EA	May 2023.
Commission issues final EA	July 2023. ²

Any questions regarding this notice may be directed to Quinn Emmering, the Commission's project coordinator for licensing the Devil Canyon Project, at (202) 502–6382 or at quinn.emmering@ferc.gov.

Joint Federal-State Task Force on Electric Transmission; Notice Announcing Meeting and Inviting Agenda Topics

On June 17, 2021, the Commission established a Joint Federal-State Task Force on Electric Transmission (Task Force) to formally explore transmission-related topics outlined in the Commission's order.¹ The Commission

stated that the Task Force will convene for multiple formal meetings annually, which will be open to the public for listening and observing and on the record.² The next public meeting of the Task Force will be held on November 15, 2022, at the New Orleans Marriott in New Orleans, LA, from approximately 8:00 a.m. to 10:30 a.m. Central Time. Commissioners may attend and participate in this meeting.

The meeting will be open to the public for listening and observing and on the record. There is no fee for attendance and registration is not required. The public may attend in person or via Webcast.³ This conference will be transcribed. Transcripts will be available for a fee from Ace Reporting, 202–347–3700.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1–866–208–3372 (voice) or 202–208–8659 (TTY), or send a fax to 202–208–2106 with the required accommodations.

As explained in the Establishing Order, the Commission will issue agendas for each meeting of the Task Force, after consulting with all Task Force members and considering suggestions from state commissions.⁴ The Establishing Order set forth a broad array of transmission-related topics that the Task Force has the authority to examine with a focus on topics related to planning and paying for transmission, including transmission to facilitate generator interconnection, that provides benefits from a federal and state perspective.⁵ All interested persons, including all state commissioners, are hereby invited to file comments in this docket suggesting agenda items relating to this topic by October 7, 2022. The Task Force members will consider the suggested agenda items in developing the agenda for the November 15, 2022 public meeting. The agenda will be issued in the above-captioned docket no later than November 1, 2022, for the meeting to be held on November 15, 2022.

Comments may be filed electronically via the internet.⁶ Instructions are available on the Commission's website, <https://www.ferc.gov/ferc-online/overview>. For assistance, please contact FERC Online Support at
