Federal Aviation Administration

Notice of Intent To Rule on a Land Release Request at Malden Regional Airport & Industrial Park (MAW), Malden, MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of request to release of airport land.

SUMMARY: The FAA proposes to rule and invites public comment on the request to release and sell a 3.62 acre parcel of federally obligated airport property at the Malden Regional Airport & Industrial Park (MAW), Malden, Missouri.

DATES: Comments must be received on or before November 10, 2022.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106. In addition, one copy of any comments submitted to the FAA must

be mailed or delivered to: David Blalock, Airport Manager, City of Malden Regional Airport & Industrial Park, 3077 Mitchell Drive, P.O. Box 411, Malden, MO 63863-0411, (573) 276-2279.

FOR FURTHER INFORMATION CONTACT:

Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329-2603, amy.walter@faa.gov. The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release a 3.62 acre parcel of airport property at the Malden Regional Airport & Industrial Park (MAW) under the provisions of 49 U.S.C. 47107(h)(2). This is a Surplus Property Airport. The City of Malden requested a release from the FAA to sell a 3.62 acre parcel to Chad Fullerton for commercial development. The FAA determined this request to release and sell property at the Malden Regional Airport & Industrial Park (MAW) submitted by the Sponsor meets the procedural requirements of the FAA and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

The Malden Regional Airport & Industrial Park (MAW) is proposing the release from obligations and sale of a 3.62 acre parcel of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Malden Regional Airport & Industrial Park (MAW) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to sell the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an

appointment to inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Malden City Hall.

Issued in Kansas City, MO, on October 4, 2022.

James A. Johnson,

Director, FAA Central Region, Airports Division.

SUPPLEMENTARY INFORMATION:

Background

An LCV is any combination of a truck-tractor and two or more semi-trailers or trailers that operates on the National System of Interstate and Defense Highways (according to 23 CFR part 470.107) and has a gross vehicle weight greater than 80,000 pounds. To enhance the safety of LCV operations on our Nation's highways, section 4007(b) of the Motor Carrier Act of 1991 directed the Secretary of Transportation to establish Federal minimum training requirements for drivers of LCVs (Intermodal Surface Transportation Efficiency Act of 1991, Public Law 102-240, 105 Stat. 1914, 2152). The Secretary of Transportation delegated responsibility for establishing these requirements to FMCSA (49 CFR part 1.87), and on March 30, 2004, after appropriate notice and solicitation of public comment, FMCSA established the current training requirements for operators of LCVs (69 FR 16722). The regulations bar motor carriers from permitting their drivers to operate an LCV if they have not been properly trained in accordance with the requirements of § 380.113. Drivers receive an LCV Driver-Training Certificate upon successful completion of these training requirements. Motor carriers employing an LCV driver must verify the driver's qualifications to operate an LCV and must maintain a copy of the LCV Driver-Training Certificate and present it to authorized Federal, State, or local officials upon request.
