

collected; and (d) minimize the burden on the respondents, including the use of technology.

Agencies must also estimate the non-hour paperwork cost burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have other than hour burden costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. For further information on this burden, refer to 5 CFR 1320.3(b)(1) and (2), or contact the Bureau representative listed previously in this notice.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

**Public Comment Procedures:** Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 14, 2012.

#### Final Springfield Plateau Regional Restoration Plan and Environmental Assessment and Finding of No Significant Impact (FONSI)

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** This notice advises the public and other agencies of the availability of the Final Springfield Plateau Regional Restoration Plan (Plan) and Environmental Assessment and Finding of No Significant Impact (FONSI). The U.S. Department of the Interior (DOI), acting through the U.S. Fish and Wildlife Service (FWS), and the State of

Missouri, acting through the Missouri Department of Natural Resources (MDNR), formally selected Alternative D of the Plan through signing of the FONSI. Alternative D provides for natural resource—based restoration using a tiered project selection process evaluating the feasibility of primary restoration, compensatory restoration, and acquisition of equivalent resources. Interested members of the public are invited to review the Plan.

**ADDRESSES:** The Plan can be viewed online at <http://www.fws.gov/midwest/nrda/motrystate/> or <http://www.dnr.mo.gov/env/hwp/sfund/nrda.htm>.

Alternatively, copies of the Plan can be requested from John Weber, Restoration Coordinator, U.S. Fish and Wildlife Service, 101 Park DeVillie Dr., Suite A, Columbia, MO 65203, or Tim Rielly, Assessment and Restoration Manager, Missouri Department of Natural Resources, P.O. Box 176, Jefferson City, MO 65102-0176.

You may also submit requests for copies of the Plan by sending electronic mail (email) to: [John\\_S\\_Weber@fws.gov](mailto:John_S_Weber@fws.gov) or [tim.rielly@dnr.mo.gov](mailto:tim.rielly@dnr.mo.gov).

**FOR FURTHER INFORMATION CONTACT:** John Weber, (573) 234-2132 (x177), or Tim Rielly, (573) 526-3353.

#### SUPPLEMENTARY INFORMATION:

##### Background

The FWS and the MDNR (Trustees) are trustees for natural resources considered in this restoration plan, pursuant to subpart G of the National Oil and Hazardous Substances Pollution Contingency Plan (40 CFR 300.600 and 300.610) and Executive Order 12580. The *Memorandum of Understanding Between the Missouri Department of Natural Resources and U.S. Department of the Interior* establishes a Trustee Council charged with developing and implementing a restoration plan for ecological restoration in the Springfield Plateau of southwest Missouri.

The Trustees followed the NRDAR regulations found at 43 CFR part 11 for the development of the Plan. The objective of the NRDAR process is to compensate the public for losses to natural resources that have been injured by releases of hazardous substances into the environment. The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA, more commonly known as the Federal “Superfund” law) (42 U.S.C. 9601 *et seq.*) and the Federal Water Pollution Control Act (commonly known as the Clean Water Act (CWA)) (33 U.S.C. 1251 *et seq.*) authorize States, federally recognized tribes, and certain Federal agencies that have authority for

natural resources “belonging to, managed by, controlled by or appertaining to [the public]” to act as “trustees” on behalf of the public, to restore, rehabilitate, replace, and/or acquire natural resources equivalent to those injured by releases of hazardous substances.

The Trustees have worked together to determine appropriate restoration activities to address natural resource injuries caused by the release of hazardous substances into the Springfield Plateau environment. The results of this administrative process are contained in a series of planning and decision documents that have been published for public review under CERCLA. On January 11, 2012, the FWS published in the **Federal Register** a notice of availability commencing a 45-day public comment period on the Draft Springfield Plateau Regional Restoration Plan and Environmental Assessment (77 FR 1717). The public comment period ended on February 27, 2012. Comments received during the public comment period were incorporated into our final document.

#### Current Notice of Availability

This current notice of availability informs the public that the Trustees have formally selected Alternative D of The Plan through the signing of a Finding of No Significant Impact (FONSI). The FONSI indicates that restoring, replacing and/or acquiring the equivalent of injured resources in the Springfield Plateau as described under Alternative D in the Final Springfield Plateau Regional Restoration Plan (Plan) and Environmental Assessment is not a major Federal action which would significantly affect the quality of the human environment within the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969.

#### Authority

This notice is provided pursuant to Natural Resource Damage Assessment and Restoration (NRDAR) regulations (43 CFR 11.81(d)(4)) and NEPA (National Environmental Policy Act) regulations (40 CFR 1506.6).

Dated: May 29, 2012.
