

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Office of the Secretary****Notice of Interest Rate on Overdue Debts**

Section 30.18 of the Department of Health and Human Services' claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury's current value of funds rate or the applicable rate determined from the "Schedule of Certified Interest Rates with Range of Maturities" unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 10¾%, as fixed by the Secretary of the Treasury, is certified for the quarter ended September 30, 2010. This interest rate is effective until the Secretary of the Treasury notifies the Department of Health and Human Services of any change.

Dated: December 9, 2010.

Molly P. Dawson,

Director, Office of Financial Policy and Reporting.

Proposed Project

Economic Analysis of the National Breast and Cervical Cancer Early Detection Program—Revision—Division of Cancer Prevention and Control, National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention, (CDC).

Background and Brief Description

CDC administers the National Breast and Cervical Cancer Early Detection Program (NBCCEDP), the largest organized cancer screening program in the United States. The NBCCEDP provides critical breast and cervical cancer screening services to uninsured and underserved low-income women in all 50 states, the District of Columbia, five U.S. territories, and 12 American Indian/Alaska Native organizations. The program provides breast and cervical cancer screening for eligible women who participate in the program as well as diagnostic procedures for women who have abnormal findings. During the past decade, the NBCCEDP has provided over 9.2 million breast and cervical cancer screening and diagnostic exams to over 3.7 million low-income women. Those who are diagnosed with cancer through the program are eligible for Medicaid coverage through the Breast and Cervical Cancer Prevention and Treatment Act passed by Congress in 2000.

In 2008, CDC received OMB approval to collect one year of activity-based economic cost data from NBCCEDP grantees. In 2009, CDC received OMB approval to collect two additional years of cost data for FY09 and FY10 (OMB
