Beazer East, Inc.* Civil Action No. 1:13cv29-SPM-GRJ.

Pursuant to Sections 106 and 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. 9606, 9607(a), the United States' complaint sought to recover costs it has incurred and will incur in response to the release and threatened release of hazardous substances at or from the Cabot/Koppers Superfund Site, located in the City of Gainesville, Alachua County, Florida (the Site). The United States also sought an Order enjoining the Defendant to perform the remedial action at the Site selected by EPA in the Amended Record of Decision dated February 2011 (Amended ROD) and included as Appendix A to the Decree.

The United States has agreed to resolve the claims alleged in the complaint through the proposed Consent Decree in which Beazer will perform the Amended ROD at the Site. In the Decree, Beazer has also agreed to pay all of EPA's future costs including oversight costs. **SUPPLEMENTARY INFORMATION:** The Securities Lending by Employee Benefit Plans Prohibited Transaction Exemption (PTE 2006-16) permits an employee benefit plan to lend securities to certain broker-dealers and banks and to make compensation arrangements for lending services provided by a plan fiduciary in connection with such securities loans. The PTE includes third-party disclosures, specifically financial statements and lending and compensation agreements.

Such third-party disclosures are information collections subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0065. The current approval is scheduled to expire on February 28, 2013; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review.
